## 17-hydroxyprogesterone

Latency of 17-Hydroxyprogesterone Caproate Initiation in Patients Receiving Compounded Versus Commercial Product. (Stone et al), 2018;63:276–284

## 46,XY gonadal dysgenesis

Twin Delivery in a Patient with Swyer Syndrome: A Case Report. (Li et al), 2018;63:314–316

## A

### Abdomen, acute

Management of Ogilvie Syndrome Following Cesarean Delivery: A Case Report. (Thorburn et al), 2018;63:171–174

### Abdominal developmental disorders

Efficacy of Prenatal Ultrasonographic Examinations in Diagnosing Abdominal Developmental Disorders. (Eros et al), 2018;63:39–45

### Abdominal pain

Diagnosis and Management of Isolated Tubal Torsion: Is Salpingectomy Mandatory? (Uçar et al), 2018;63:467–472

### Abdominal pregnancy

Primary Omental Pregnancy After Unilateral Salpingectomy: A Case Report. (Kim et al), 2018;63:79–83

Primary Rectal Abdominal Pregnancy Treated by Low Anterior Resection: A Case Report. (Chida et al), 2018;63:165–167

### Abdominal wall

The Pulsatile Sign Confirms Intraperitoneal Entry During Closed Laparoscopic Surgery. (Mushayandebvu and Sahani), 2018;63:407–410

### Abortion

Factors Affecting the Contraceptive Choices of Women Seeking Abortion in a Nonurban Area. (Michaels et al), 2018;63:369–374

### Abortion, recurrent

Cervical Insufficiency: Are Some Cases Fetal Induced? A Report of 2 Cases. (Towers), 2018;63:473–475

Immunotherapy with Paternal Lymphocytes for Patients with Unexplained Recurrent Abortion and Association with Blocking Antibodies: Comparison Between Patient Groups with Primary and Secondary Unexplained Recurrent Abortion. (Nonaka et al), 2018;63:285–291

Intravenous Immunoglobulin and Partner Specific Thrombocyte Transfusion Immunotherapy in Selected Cases of Recurrent Miscarriage. (Petrányi et al), 2018;63:13–20

### Abortion on demand

Factors Affecting the Contraceptive Choices of Women Seeking Abortion in a Nonurban Area. (Michaels et al), 2018;63:369–374

Women's Experiences Using Natural Methods to Cope with the Pain and Other Symptoms of Medical Abortions. (Wiebe et al), 2018;63:137–140

### Abortion surveys

Factors Affecting the Contraceptive Choices of Women Seeking Abortion in a Nonurban Area. (Michaels et al), 2018;63:369–374

### ACE inhibitors

Rapid Resolution of Lisinopril Associated Fetal Oligohydramnios After Intravenous Furosemide: A Case Report. (Brar et al), 2018;63:476–478

### Adnexal mass

Benign Cystic Mesothelioma: A Report of 2 Cases and Discussion on Alternative Management. (Mullen et al), 2018;63:390–392

### Adolescent health

Turner Syndrome with 45X/47XXX Karyotype: A Case Report. (Liu et al), 2018;63:87–90

**Adverse pregnancy outcomes**

Deviation from Gestational Weight Gain Guidelines in the Obese Gravida: An Adverse Impact on Maternal and Fetal Health. (Street et al), 2018;63:417–425

**Air-saline device**

Evaluation of Tubal Patency with a Saline-Air Device: Can We Move Back to the Office? (Beverley et al), 2018;63:120–126

**Alloimmunity**

Immunotherapy with Paternal Lymphocytes for Patients with Unexplained Recurrent Abortion and Association with Blocking Antibodies: Comparison Between Patient Groups with Primary and Secondary Unexplained Recurrent Abortion. (Nonaka et al), 2018;63:285–291

**Alternative therapies**

Women's Experiences Using Natural Methods to Cope with the Pain and Other Symptoms of Medical Abortions. (Wiebe et al), 2018;63:137–140

**Amenorrhea**

Twin Delivery in a Patient with Swyer Syndrome: A Case Report. (Li et al), 2018;63:314–316

**Amniocentesis**

Trichomonas in Amniotic Fluid Leading to Chorioamnionitis with Intact Membranes: A Case Report. (Segal et al), 2018;63:158–160

**Anatomic landmarks**

The Pulsatile Sign Confirms Intraperitoneal Entry During Closed Laparoscopic Surgery. (Mushayandebvu and Sahani), 2018;63:407–410

**Anatomical stages**

Diagnosis and Treatment of High-Risk Metastatic Gestational Trophoblastic Neoplasia in Hungary: 40 Years of Experience. (Fülöp et al), 2018;63:240–248

**Angiotensin-converting enzyme inhibitors**

Rapid Resolution of Lisinopril Associated Fetal Oligohydramnios After Intravenous Furosemide: A Case Report. (Brar et al), 2018;63:476–478

**Anti-inflammatory treatment**

Evaluation of the Effect of Anti-Macrophage Migration Inhibitory Factor Antibody in a Mouse Model of Lipopolysaccharide-Induced Preterm Delivery. (Apaydın et al), 2018;63:56–62

**Anti-Müllerian hormone**

Anti-Müllerian Hormone and Inhibin B as Predictive Factors of Pregnancy Outcome in Women with Polycystic Ovary Syndrome: A

Preliminary Report. (Szafarowska et al), 2018; 63:381–389

Anti-Müllerian Hormone Cannot Predict Oocyte Quality and Pregnancy Outcome in Women with Diminished Ovarian Reserve. (Zhang et al), 2018;63:442–448

Combining Age, Antral Follicle Count, Anti-Müllerian Hormone, and Follicle-Stimulating Hormone Is More Accurate Than Individual Markers in Predicting Poor Ovarian Response. (Palhares et al), 2018;63:461–466

The Significance of Low Anti-Müllerian Hormone Levels in Young Women Undergoing In Vitro Fertilization. (Haswell et al), 2018;63:97–103

**Antihypertensive agents**

Rapid Resolution of Lisinopril Associated Fetal Oligohydramnios After Intravenous Furosemide: A Case Report. (Brar et al), 2018;63:476–478

**Antineoplastic combined chemotherapy protocols**

Medical and Surgical Treatment for Postmolar Low-Risk Gestational Trophoblastic Neoplasia After Failure of Single-Agent Treatment. (Li et al), 2018;63:216–222

**Antithrombin III**

Laparotomy Affects D-Dimer and Antithrombin-III Levels in Women Undergoing Surgery for Gynecologic Indications. (Manahan et al), 2018;63:127–130

**Antral follicle count**

Combining Age, Antral Follicle Count, Anti-Müllerian Hormone, and Follicle-Stimulating Hormone Is More Accurate Than Individual Markers in Predicting Poor Ovarian Response. (Palhares et al), 2018;63:461–466

**Anxiety**

Women's Experiences Using Natural Methods to Cope with the Pain and Other Symptoms of Medical Abortions. (Wiebe et al), 2018;63:137–140

**Apgar score**

Neonatal Outcome Following Delivery with a 1-Minute Apgar Score of 1, 2, or 3 Followed by an Apgar Score of  $\geq 7$  at 5 Minutes. (Towers et al), 2018;63:501–504

**Apoptosis**

The Expression of Fas Protein Is Downregulated in the Endometrium of Patients with Endometriosis. (Atalay et al), 2018;63:411–416

**Ascites**

An Uncommon Presentation of Endometriosis:

A Case Report. (Soyman et al), 2018;63:317–318

### **Assisted reproductive techniques**

Anti-Müllerian Hormone and Inhibin B as Predictive Factors of Pregnancy Outcome in Women with Polycystic Ovary Syndrome: A Preliminary Report. (Szafarowska et al), 2018; 63:381–389

Anti-Müllerian Hormone Cannot Predict Oocyte Quality and Pregnancy Outcome in Women with Diminished Ovarian Reserve. (Zhang et al), 2018;63:442–448

Evaluation of Tubal Patency with a Saline-Air Device: Can We Move Back to the Office? (Beverley et al), 2018;63:120–126

Combining Age, Antral Follicle Count, Anti-Müllerian Hormone, and Follicle-Stimulating Hormone Is More Accurate Than Individual Markers in Predicting Poor Ovarian Response. (Palhares et al), 2018;63:461–466

Heavy Smoking Responsible for the Reduction of Antral Follicles and Lower Recovery of Oocytes in Assisted Reproduction Cycles: A Case Report. (Bartmann et al), 2018;63:482–484

Immunotherapy with Paternal Lymphocytes for Patients with Unexplained Recurrent Abortion and Association with Blocking Antibodies: Comparison Between Patient Groups with Primary and Secondary Unexplained Recurrent Abortion. (Nonaka et al), 2018;63:285–291

Impact of Serum and Follicular Vitamin D Levels on Assisted Reproductive Techniques Outcome. (Tuncay and Taskapan), 2018;63:305–310

Is Routine Intracytoplasmic Sperm Injection Justified in Couples with Unexplained Infertility? A Randomized Controlled Trial Using Sibling Oocytes. (Chung et al), 2018;63:357–362

Latency of 17-Hydroxyprogesterone Caproate Initiation in Patients Receiving Compounded Versus Commercial Product. (Stone et al), 2018;63:276–284

Lower Pregnancy Rates After IVF in Women Working as Occupational Cleaners: A Preliminary Longitudinal Study. (Soen et al), 2018;63: 33–38

Meta-Analyses of Studies Evaluating the Impact of Assisted Reproductive Technology on Malformation in Offspring and Protocol Recommendations for Future Assisted Reproductive Technology Outcome Studies. (Rimm and Katayama), 2018;63:325–334

Sleep Disturbance and Ovarian Stimulation Out-

comes in Infertility and Fertility Preservation Patients. (Lyttle et al), 2018;63:292–298

SMCP Gene and Protein Expression in Motive Sperm from Chinese Infertile Men with Asthenozoospermia. (Lee et al), 2018;63:141–147

The Significance of Low Anti-Müllerian Hormone Levels in Young Women Undergoing in Vitro Fertilization. (Haswell et al), 2018;63:97–103

### **Asphyxia neonatorum**

Neonatal Outcome Following Delivery with a 1-Minute Apgar Score of 1, 2, or 3 Followed by an Apgar Score of  $\geq 7$  at 5 Minutes. (Towers et al), 2018;63:501–504

### **Asthenozoospermia**

SMCP Gene and Protein Expression in Motive Sperm from Chinese Infertile Men with Asthenozoospermia. (Lee et al), 2018;63:141–147

### **Asthma**

Maternal Death After Administration of Intravenous Labetalol to an Asthmatic Patient: A Case Report. (Booker et al), 2018;63:161–164

### **Autoamputated ovary**

Incidental Finding of Autoamputated, Free-Floating Ovary by Laparoscopy: A Case Report. (Awad and Damavandy), 2018;63:168–170

### **Autopsy**

Intrauterine Growth Retardation in Case of a Stillbirth: How Does It Really Matter? (Pásztor et al), 2018;63:299–304

### **Aygestin**

A Safe and Reliable Method to Postpone Menstruation for Occasional Convenience. (Grajower), 2018;63:352–356

## **B**

### **Background**

Applicants for Obstetrics and Gynecology Residency Positions by Medical School Background: A 25-Year Perspective. (Sokkary et al), 2018;63:3–5 [erratum, 2018;63:190]

### **Benign cystic mesothelioma**

Benign Cystic Mesothelioma: A Report of 2 Cases and Discussion on Alternative Management. (Mullen et al), 2018;63:390–392

### **Biological behavior**

Endometriosis Found in an Isolated Paraaortic Lymph Node: A Case Report. (Liao et al), 2018;63:393–396

### **Birth defects**

Meta-Analyses of Studies Evaluating the Impact

of Assisted Reproductive Technology on Malformation in Offspring and Protocol Recommendations for Future Assisted Reproductive Technology Outcome Studies. (Rimm and Kayama), 2018;63:325–334

### **Birth weight**

Dietary Consultation Impact on Weight Gain in Twin Pregnancies. (Gandhi et al), 2018;63:347–351

Use of Customized Birth Weight Percentiles for the Prediction of Shoulder Dystocia. (Carrington et al), 2018;63:115–119

### **Blocking antibodies**

Intravenous Immunoglobulin and Partner Specific Thrombocyte Transfusion Immunotherapy in Selected Cases of Recurrent Miscarriage. (Petrányi et al), 2018;63:13–20

### **Body mass index**

The Pulsatile Sign Confirms Intraperitoneal Entry During Closed Laparoscopic Surgery. (Mushayandebvu and Sahani), 2018;63:407–410

### **Body weight, fetal**

Use of Customized Birth Weight Percentiles for the Prediction of Shoulder Dystocia. (Carrington et al), 2018;63:115–119

### **Bonnevie-Ullrich syndrome**

Turner Syndrome with 45X/47XXX Karyotype: A Case Report. (Liu et al), 2018;63:87–90

### **Borderline mucinous tumor**

Coexistence of Three Different Tumors in the Same Ovary: Borderline Mucinous Tumor, Mature Cystic Teratoma, and Endometriosis: A Case Report. (Joo et al), 2018;63:185–189

### **Botulinum toxin type A**

Use of Botulinum Toxin Type A in the Reproductive-Aged Female: A Case Report. (Larish and Coddington), 2018;63:535–538

### **Brazil**

Brazilian Network for Gestational Trophoblastic Disease Study Group Consensus on Management of Gestational Trophoblastic Disease. (Braga et al), 2018;63:261–270

Management of Symptomatic Uterine Arteriovenous Malformations After Gestational Trophoblastic Disease: The Brazilian Experience and Possible Role for Depot Medroxyprogesterone Acetate and Tranexamic Acid Treatment. (Braga et al), 2018;63:228–239

### **Breastfeeding**

Deviation from Gestational Weight Gain Guidelines in the Obese Gravida: An Adverse Im-

pact on Maternal and Fetal Health. (Street et al), 2018;63:417–425

### **Breech presentation**

Clinical Variance of the Nulliparous, Term, Singleton, and Vertex-Presenting Metric. (Levine et al), 2018;63:491–494

### **Bromocriptine**

Comparison of the Efficacy of Cabergoline and Bromocriptine in a Rat Model of Ovarian Hyperstimulation Syndrome. (Coban et al), 2018;63:27–32

## **C**

### **Cabergoline**

Comparison of the Efficacy of Cabergoline and Bromocriptine in a Rat Model of Ovarian Hyperstimulation Syndrome. (Coban et al), 2018;63:27–32

### **Cancer**

Obstetrician/Gynecologist Practice Patterns in the Care of Obese Patients with Endometrial Hyperplasia and Carcinoma. (Urban et al), 2018;63:335–341

### **Cardiotonic agents**

Rapid Resolution of Lisinopril Associated Fetal Oligohydramnios After Intravenous Furosemide: A Case Report. (Brar et al), 2018;63:476–478

### **Cerebral palsy**

Neonatal Outcome Following Delivery with a 1-Minute Apgar Score of 1, 2, or 3 Followed by an Apgar Score of  $\geq 7$  at 5 Minutes. (Towers et al), 2018;63:501–504

### **Cervical cerclage**

Cervical Insufficiency: Are Some Cases Fetal Induced? A Report of 2 Cases. (Towers), 2018;63:473–475

### **Cervix incompetence**

Cervical Insufficiency: Are Some Cases Fetal Induced? A Report of 2 Cases. (Towers), 2018;63:473–475

### **Cesarean hysterectomy**

Dichorionic Diamniotic Cesarean Scar Pregnancy Resulting in Live Twin Birth: A Case Report. (Matsueda et al), 2018;63:319–322

### **Cesarean scar**

Dichorionic Diamniotic Cesarean Scar Pregnancy Resulting in Live Twin Birth: A Case Report. (Matsueda et al), 2018;63:319–322

Expectant Management of Heterotopic Cesarean Scar Pregnancy: A Case Report. (Yin et al), 2018;63:397–401

**Cesarean scar defect**

Risk Factors and Underlying Mechanisms for Postmenstrual Spotting Associated with Cesarean Scar Defect: A Retrospective Study. (Wu et al), 2018;63:6–12

**Cesarean scar pregnancy**

Dichorionic Diamniotic Cesarean Scar Pregnancy Resulting in Live Twin Birth: A Case Report. (Matsueda et al), 2018;63:319–322

**Cesarean section**

Cesarean Scar Pregnancy: A Novel Approach to Management: A Case Report. (Klimczak and Crochet), 2018;63:71–74

Clinical Variance of the Nulliparous, Term, Singleton, and Vertex-Presenting Metric. (Levine et al), 2018;63:491–494

Deviation from Gestational Weight Gain Guidelines in the Obese Gravida: An Adverse Impact on Maternal and Fetal Health. (Street et al), 2018;63:417–425

Expectant Management of Heterotopic Cesarean Scar Pregnancy: A Case Report. (Yin et al), 2018;63:397–401

Inevitable Myomectomy of a Huge Submucous Myoma During Cesarean Section: A Case Report. (Uzun et al), 2018;63:402–404

Management of Ogilvie Syndrome Following Cesarean Delivery: A Case Report. (Thorburn et al), 2018;63:171–174

Retained Products of Conception Following Delivery by Cesarean Section: Is It a Real Entity? (Smorgick et al), 2018;63:363–368

Twin Delivery in a Patient with Swyer Syndrome: A Case Report. (Li et al), 2018;63:314–316

**Cesarean section, repeat**

Clinical Variance of the Nulliparous, Term, Singleton, and Vertex-Presenting Metric. (Levine et al), 2018;63:491–494

Surgical Management of Spinal Epidural Abscess in a Term Pregnancy: Delivery Versus Decompression: A Case Report. (Martin et al), 2018;63:523–526

**Chemotherapy**

Diagnosis and Treatment of High-Risk Metastatic Gestational Trophoblastic Neoplasia in Hungary: 40 Years of Experience. (Fülöp et al), 2018;63:240–248

Management of Menstrual Bleeding During Treatment for Nongynecologic Malignancy. (Johnson et al), 2018;63:437–441

Salvage Therapy of Extremely High-Risk and

Resistant Gestational Trophoblastic Neoplasia with Gemcitabine, Oxaliplatin, and Paclitaxel: A Report of 3 Cases. (Huang et al), 2018;63:530–534

Use of Granulocyte Colony-Stimulating Factors with Multiagent Chemotherapy for High-Risk Gestational Trophoblastic Neoplasia Decreases Neutropenic Complications and Treatment Delays. (Kanis et al), 2018;63:209–212

**Childbirth**

Use of Customized Birth Weight Percentiles for the Prediction of Shoulder Dystocia. (Carrington et al), 2018;63:115–119

**Chorioamnionitis**

Trichomonas in Amniotic Fluid Leading to Chorioamnionitis with Intact Membranes: A Case Report. (Segal et al), 2018;63:158–160

**Choriocarcinoma**

Clinical Outcomes of Partial Hydatidiform Mole in the p57 Era. (Soong et al), 2018;63:199–208

Diagnosis and Treatment of High-Risk Metastatic Gestational Trophoblastic Neoplasia in Hungary: 40 Years of Experience. (Fülöp et al), 2018;63:240–248

Intramural Ectopic Pregnancy Misdiagnosed as Choriocarcinoma: A Case Report. (Guo et al), 2018;63:485–487

Significance of Chest Computed Tomography in the Clinical Outcome of Patients with Low-Risk Gestational Trophoblastic Neoplasia. (De Ramos and Soriano-Estrella), 2018;63:223–227

**Chronic ectopic pregnancy**

Rare Forms of Chronic Ectopic Pregnancy Diagnosed with MRI: A Report of Two Cases. (Lu and Pu), 2018;63:91–94

**Cigarette smoking**

Heavy Smoking Responsible for the Reduction of Antral Follicles and Lower Recovery of Oocytes in Assisted Reproduction Cycles: A Case Report. (Bartmann et al), 2018;63:482–484

**Clinical practice guideline**

Levonorgestrel Intrauterine Device Placement: Survey of United States Obstetrician-Gynecologists. (Wyatt et al), 2018;63:109–114

**Clostridium botulinum toxin type A**

Use of Botulinum Toxin Type A in the Reproductive-Aged Female: A Case Report. (Larish and Coddington), 2018;63:535–538

**Colonic pseudo-obstruction**

Management of Ogilvie Syndrome Following Cesarean Delivery: A Case Report. (Thorburn et al), 2018;63:171–174

**Compounding**

Latency of 17-Hydroxyprogesterone Caproate Initiation in Patients Receiving Compounded Versus Commercial Product. (Stone et al), 2018;63:276–284

**Computed tomography**

Significance of Chest Computed Tomography in the Clinical Outcome of Patients with Low-Risk Gestational Trophoblastic Neoplasia. (De Ramos and Soriano-Estrella), 2018;63:223–227

**Computer simulation**

Impact of a Simulation Based Surgical Skills Curriculum on Ob-Gyn Interns. (Dayaratna et al), 2018;63:342–346

**Congenital abnormalities**

Patient and Practitioner Understanding of Ultrasound Screening in Pregnancy. (Thornburg et al), 2018;63:512–522

**Congenital heart disease**

Perinatal Outcomes Among Women with Congenital Heart Disease. (Badell et al), 2018;63:431–436

**Conservative therapy**

Diagnosis and Management of Isolated Tubal Torsion: Is Salpingectomy Mandatory? (Uçar et al), 2018;63:467–472

**Continuing education**

Obstetrician/Gynecologist Practice Patterns in the Care of Obese Patients with Endometrial Hyperplasia and Carcinoma. (Urban et al), 2018;63:335–341

**Contraception**

Factors Affecting the Contraceptive Choices of Women Seeking Abortion in a Nonurban Area. (Michaels et al), 2018;63:369–374

Levonorgestrel Intrauterine Device Placement: Survey of United States Obstetrician-Gynecologists. (Wyatt et al), 2018;63:109–114

Management of Menstrual Bleeding During Treatment for Nongynecologic Malignancy. (Johnson et al), 2018;63:437–441

Probability of Intrauterine Device Perforation in a Tertiary Care Hospital and Its Affiliated Clinics (Peterson et al), 2018;63:505–511

**Controlled ovarian hyperstimulation**

Sleep Disturbance and Ovarian Stimulation Outcomes in Infertility and Fertility Preservation Patients. (Lyttle et al), 2018;63:292–298

**Copper intrauterine devices**

Probability of Intrauterine Device Perforation in a Tertiary Care Hospital and Its Affiliated Clinics (Peterson et al), 2018;63:505–511

**Cost**

Factors Affecting the Contraceptive Choices of Women Seeking Abortion in a Nonurban Area. (Michaels et al), 2018;63:369–374

**Cruveilhier-Baumgarten syndrome**

Pregnancy Complicated by Cirrhosis, Portal Hypertension, and Esophageal Varices: A Case Report. (Gimovsky et al), 2018;63:179–181

**Curettage**

Uterine Evacuation via Vacuum Aspiration With and Without Sharp Curettage: A Pilot Study. (Hofler et al), 2018;63:153–157

**Cyst**

Benign Cystic Mesothelioma: A Report of 2 Cases and Discussion on Alternative Management. (Mullen et al), 2018;63:390–392

**D****D-dimer**

Laparotomy Affects D-Dimer and Antithrombin-III Levels in Women Undergoing Surgery for Gynecologic Indications. (Manahan et al), 2018;63:127–130

**DACH1**

Expression, Correlation, and Clinical Significance of DACH1 and ER $\alpha$  in Human Endometriosis Tissue. (Lang et al), 2018;63:63–70

**Dachshund homolog 1**

Expression, Correlation, and Clinical Significance of DACH1 and ER $\alpha$  in Human Endometriosis Tissue. (Lang et al), 2018;63:63–70

**Deep vein thrombosis**

Ovarian Vein Thrombosis After an Oophorectomy: A Commonly Missed Finding Yet of Little Significance. (Khalife et al), 2018;63:21–26

**Delayed embryo implantation**

Successful Live Birth Following Low hCG Level (6.1 mIU/mL at 4 Weeks' Gestation) After in Vitro Fertilization and Embryo Transfer: A Case Report. (Hayashi et al), 2018;63:479–481

**Depot medroxyprogesterone acetate**

Management of Symptomatic Uterine Arteriovenous Malformations After Gestational Trophoblastic Disease: The Brazilian Experience and Possible Role for Depot Medroxyprogesterone Acetate and Tranexamic Acid Treatment. (Braga et al), 2018;63:228–239

**Desmopressin**

Gestational Diabetes Insipidus: From Presentation to Resolution: A Report of 2 Cases. (Persad et al), 2018;63:527–529

**Developmental delay**

Neonatal Outcome Following Delivery with a 1-Minute Apgar Score of 1, 2, or 3 Followed by an Apgar Score of  $\geq 7$  at 5 Minutes. (Towers et al), 2018;63:501–504

**Developmental disabilities**

Neonatal Outcome Following Delivery with a 1-Minute Apgar Score of 1, 2, or 3 Followed by an Apgar Score of  $\geq 7$  at 5 Minutes. (Towers et al), 2018;63:501–504

**Diagnostic ultrasound**
