## Volume 65, 2020

Contributor index on page 372.

### 46, XX gonadal sex reversal

Next-Generation Sequencing Analysis on One Case of Sex-Determining Region Y-Positive and 46,XX Male Syndrome: A Case Report. (Zhao et al), 2020;65:205–209

### A

#### Abdominal abscess

Laparoscopic Drainage of Complex Pelvic Abscesses. (Liu et al), 2020;65:286–290

#### Abnormal bleeding

Evaluation of Uterine Bleeding After an Endometrial Ablation. (Arora et al), 2020;65:157–163

#### Abortifacient agents

Withdrawal of Luteal Phase Support in the Management of Ectopic Pregnancy Following Frozen Embryo Transfer: A Case Report. (Ware et al), 2020;65:311–314

#### Abortion

Analysis of Genetic Factors in 600 Patients with Missed Abortion in China. (Feng et al), 2020; 65:134–142

Comparison of Methotrexate and Uterine Artery Embolization in Patients with Cesarean Scar Pregnancy <7 Weeks. (Wei and Yu), 2020;65: 183–188

Efficacy and Safety of Unfractionated Heparin Combined with Low-Molecular-Weight Heparin in the Treatment of Unexplained Recurrent Spontaneous Abortion. (Lan et al), 2020;65: 189–194

Factors Associated with Repeat Induced Abortion and Implications for Family Planning Improvement in a Population from Guangzhou, China. (Xiong et al), 2020;65:113–120

Healthy Term Live Birth After Focal Embolization of Symptomatic Post-Myomectomy Arteriovenous Malformation in a Patient

with Recurrent Pregnancy Loss: A Case Report. (Armstrong and Kroener), 2020;65:143–145

Subclinical Autoimmune Thyroid Dysfunction in Infertile Euthyroid Patients: The Risk of Spontaneous Abortion. (Majnarić et al), 2020; 65:169–174

Withdrawal of Luteal Phase Support in the Management of Ectopic Pregnancy Following Frozen Embryo Transfer: A Case Report. (Ware et al), 2020;65:311–314

#### Access to contraception

Access to Contraception: Where Are We Now? (Maxwell et al), 2020;65:95–99

#### Adnexal masses

Use of the ESCAPE Mnemonic May Help Differentiate Functional Ovarian Masses from Ovarian Neoplasms. (Kelly and Lentz), 2020;65:335–340

#### Adolescents, female

Factors Associated with Repeat Induced Abortion and Implications for Family Planning Improvement in a Population from Guangzhou, China. (Xiong et al), 2020;65:113–120

Herlyn-Werner-Wunderlich Syndrome: A Diagnostic Challenge: A Case Report. (Vatopoulou and Grimbizis), 2020;65:146–148

#### Adrenal gland neoplasms

Medical Management of a Paraganglioma Throughout Pregnancy: A Case Report. (Dengler et al), 2020;65:325–328

#### Adverse events

Long-Term Dienogest Treatment for Prevention of Recurrent Symptoms and Lesions After Surgery for Endometriosis: A Study Evaluating Adverse Events and Tolerability in Korean Women. (Kim et al), 2020;65:195–200

#### Age factors

Analysis of Genetic Factors in 600 Patients with

Missed Abortion in China. (Feng et al), 2020; 65:134–142

Intracytoplasmic Sperm Injection Used in Non-Male Factor Infertility May Not Improve Pregnancy or Live Birth Rate of Advanced-Age Women with Four or Fewer Oocytes Retrieved. (Yin et al), 2020;65:107–112

#### **AMH receptor**

Concentrations of Angiogenic Factors in Relation to Anti-Müllerian Hormone in Human Pre-ovulatory Follicular Fluid. (Nishigaki et al), 2020;65:37–42

#### **Amniotic fluid**

False Positive ROM Plus Result Associated with Cervical Herpes Simplex Virus: A Case Report. (Swanson et al), 2020;65:358–360

Occurrence of Polyhydramnios and Oligohydramnios During Prenatal Ultrasonography in Cases of Detected Fetal and Neonatal Developmental Abnormalities. (Simonyi et al), 2020; 65:57–66

Ureaplasma Urealyticum Infection in the Genitourinary Tract in Pregnant Women with Premature Rupture of Membranes: An Analysis. (Cao et al), 2020;65:121–126

#### **Anesthesia**

Operating Room Team Member Attitudes Towards the Performance of Pelvic Examinations Under Anesthesia on Female Patients by Medical Students. (Rice et al), 2020;65:79–83

#### **Angiogenic factor**

Concentrations of Angiogenic Factors in Relation to Anti-Müllerian Hormone in Human Pre-ovulatory Follicular Fluid. (Nishigaki et al), 2020;65:37–42

#### **Anhedonia**

Risk Factors for Depressed Mood and Anhedonia in Mothers of Infants with Twin-Twin Transfusion Syndrome. (McMahon et al), 2020; 65:21–30

#### **Anti-inflammatory agents**

Current Management of Endometriosis-Associated Pain in the United States. (McLaughlin et al), 2020;65:220–226

#### **Anti-Müllerian hormone receptor**

Concentrations of Angiogenic Factors in Relation to Anti-Müllerian Hormone in Human Pre-ovulatory Follicular Fluid. (Nishigaki et al), 2020;65:37–42

#### **Antiphospholipid syndrome**

Catastrophic Antiphospholipid Syndrome with Cerebral Infarction as the First Presentation

During Pregnancy: A Case Report. (Cao et al), 2020;65:201–204

#### **Anxiety**

Risk Factors for Depressed Mood and Anhedonia in Mothers of Infants with Twin-Twin Transfusion Syndrome. (McMahon et al), 2020; 65:21–30

#### **Arteriovenous malformations**

Healthy Term Live Birth After Focal Embolization of Symptomatic Post-Myomectomy Arteriovenous Malformation in a Patient with Recurrent Pregnancy Loss: A Case Report. (Armstrong and Kroener), 2020;65:143–145

#### **Aspirin**

Efficacy and Safety of Unfractionated Heparin Combined with Low-Molecular-Weight Heparin in the Treatment of Unexplained Recurrent Spontaneous Abortion. (Lan et al), 2020;65: 189–194

#### **Assisted reproductive techniques**

Comparing the Clinical Outcomes of Different Stage Embryos in Frozen Embryo Transfer in Patients with Recurrent Implantation Failure. (Yang et al), 2020;65:43–48

Comparison of Pregnancy Outcomes and Obstetric Complications Between Frozen Embryo Transfer and Fresh Embryo Transfer in Women with Polycystic Ovary Syndrome: A Meta-Analysis. (Cao et al), 2020;65:277–285

Concentrations of Angiogenic Factors in Relation to Anti-Müllerian Hormone in Human Pre-ovulatory Follicular Fluid. (Nishigaki et al), 2020;65:37–42

Effect of Bacterial Detection in Gametes on IVF-ET Pregnancy Outcome. (Chen et al), 2020;65: 164–168

Failure of Monochorionic Triplet Pregnancy Reduction After Use of a Mechanical Method: A Case Report. (Pang et al), 2020;65:329–332

First-Trimester Serum-Based Screening for Aneuploidy in Pregnancy Achieved by Assisted Reproductive Technology. (Wang et al), 2020; 65:240–248

Inform and Consent: More Than Just “Sign Here.” (Madeira et al), 2020;65:213–219

Intracytoplasmic Sperm Injection Used in Non-Male Factor Infertility May Not Improve Pregnancy or Live Birth Rate of Advanced-Age Women with Four or Fewer Oocytes Retrieved. (Yin et al), 2020;65:107–112

Optimal Timing to Warm Day 5 Vitrified Blastocysts

cysts for Frozen Embryo Transfer. (Hsu et al), 2020;65:89–94

Quality of Examinations Carried Out by Hysterosalpingography with a High-Pressure Injector: An Analysis of Correlative Factors. (Bao et al), 2020;65:127–133

Short-Interval Second Ejaculation: A Strategy to Reduce the Usage of Intracytoplasmic Sperm Injection in Assisted Reproductive Treatment. (Li et al), 2020;65:341–346

Withdrawal of Luteal Phase Support in the Management of Ectopic Pregnancy Following Frozen Embryo Transfer: A Case Report. (Ware et al), 2020;65:311–314

#### **Autoimmune thyroiditis**

Subclinical Autoimmune Thyroid Dysfunction in Infertile Euthyroid Patients: The Risk of Spontaneous Abortion. (Majnarić et al), 2020;65:169–174

### **B**

#### **Beta blockers**

Medical Management of a Paraganglioma Throughout Pregnancy: A Case Report. (Dengler et al), 2020;65:325–328

#### **Bicornuate uterus**

Successful Delivery Following Prior Bicornuate Uterine Rupture: A Case Report. (Endo et al), 2020;65:361–364

#### **Biopsy**

Does Endometrial Injury Improve Outcomes of Frozen-Thawed Embryo Transfer Cycle? A Meta-Analysis. (Qin), 2020;65:257–265

#### **Birth rate**

Analyzing the SART CORS Database: The Agonist Suppression Protocol is Superior to Antagonist Suppression and Co-flare Protocols in Women with Diminished Ovarian Reserve. (Purdy et al), 2020;65:84–88

#### **Birth weight**

Peak Serum Estradiol and Neonatal Birth Weight Following in Vitro Fertilization. (Jackson-Bey et al), 2020;65:151–156

#### **Blastocyst culture techniques**

Comparing the Clinical Outcomes of Different Stage Embryos in Frozen Embryo Transfer in Patients with Recurrent Implantation Failure. (Yang et al), 2020;65:43–48

#### **Blastocyst transfer**

Optimal Timing to Warm Day 5 Vitrified Blastocysts for Frozen Embryo Transfer. (Hsu et al), 2020;65:89–94

#### **Blood pressure**

Cross-Sectional Association Between Hypertension and Asymptomatic Uterine Leiomyoma Detected During Routine Screening in Premenopausal Chinese Women. (Meng et al), 2020;65:305–310

#### **Brain metastases**

High-Dose Palliative Radiation Therapy for Solitary Recurrence of Ovarian Cancer in the Brain: A Case Report. (Chen et al), 2020;65:320–324

#### **Breast cancer**

Legal Liabilities Associated with Hereditary Breast and Ovarian Cancers. (Neff et al), 2020;65:227–230

### **C**

#### **Catastrophic illness**

Catastrophic Antiphospholipid Syndrome with Cerebral Infarction as the First Presentation During Pregnancy: A Case Report. (Cao et al), 2020;65:201–204

#### **Catecholamine-secreting tumor**

Medical Management of a Paraganglioma Throughout Pregnancy: A Case Report. (Dengler et al), 2020;65:325–328

#### **Catheter ablation**

Evaluation of Uterine Bleeding After an Endometrial Ablation. (Arora et al), 2020;65:157–163

#### **Cerebral infarction**

Catastrophic Antiphospholipid Syndrome with Cerebral Infarction as the First Presentation During Pregnancy: A Case Report. (Cao et al), 2020;65:201–204

#### **Cervical disease**

Comparison of CerviHPV and Cobas 4800 HPV Tests for Detection of High-Risk HPV Infection in Cervical Swab Specimens. (Du et al), 2020;65:49–56

Cytology and Human Papillomavirus Surveillance in Cervical Cancer: A Low Yield Practice. (Rauh et al), 2020;65:15–20

#### **CerviHPV test**

Comparison of CerviHPV and Cobas 4800 HPV Tests for Detection of High-Risk HPV Infection in Cervical Swab Specimens. (Du et al), 2020;65:49–56

#### **Cesarean scar pregnancy**

Comparison of Methotrexate and Uterine Artery Embolization in Patients with Cesarean Scar Pregnancy <7 Weeks. (Wei and Yu), 2020;65:183–188

Treatment of Cesarean Scar Pregnancy with Laparoscopic Uterine Artery Temporary Ligation and Ectopic Gestational Tissue and Scar Excision: A Case Report. (Zhao et al), 2020;65:67–70

#### **Cesarean section**

Comparison of Methotrexate and Uterine Artery Embolization in Patients with Cesarean Scar Pregnancy <7 Weeks. (Wei and Yu), 2020;65:183–188

Lower Uterine Segment Involvement Is a Prognostic Factor for Recurrence in Endometrial Cancer: A Study of Patient Cohort Treated with Open and Minimally Invasive Surgery. (Lim et al), 2020;65:8–14

Treatment of Cesarean Scar Pregnancy with Laparoscopic Uterine Artery Temporary Ligation and Ectopic Gestational Tissue and Scar Excision: A Case Report. (Zhao et al), 2020;65:67–70

Vaginismus and Pregnancy Outcomes. (Ioshyhes et al), 2020;65:347–350

#### **CGG repeat**

Analysis of Genetic Factors in 600 Patients with Missed Abortion in China. (Feng et al), 2020;65:134–142

#### **Chorionic gonadotropin**

Withdrawal of Luteal Phase Support in the Management of Ectopic Pregnancy Following Frozen Embryo Transfer: A Case Report. (Ware et al), 2020;65:311–314

#### **Chorionic villus sampling**

Analysis of Genetic Factors in 600 Patients with Missed Abortion in China. (Feng et al), 2020;65:134–142

#### **Chromosome aberrations**

Analysis of Genetic Factors in 600 Patients with Missed Abortion in China. (Feng et al), 2020;65:134–142

#### **Chronic pain**

Current Management of Endometriosis-Associated Pain in the United States. (McLaughlin et al), 2020;65:220–226

#### **Cleavage stage, ovum**

Comparing the Clinical Outcomes of Different Stage Embryos in Frozen Embryo Transfer in Patients with Recurrent Implantation Failure. (Yang et al), 2020;65:43–48

#### **Cobas 4800 HPV test**

Comparison of CerviHPV and Cobas 4800 HPV Tests for Detection of High-Risk HPV Infection in Cervical Swab Specimens. (Du et al), 2020;65:49–56

#### **Colposcopy**

Comparison of CerviHPV and Cobas 4800 HPV Tests for Detection of High-Risk HPV Infection in Cervical Swab Specimens. (Du et al), 2020;65:49–56

Cytology and Human Papillomavirus Surveillance in Cervical Cancer: A Low Yield Practice. (Rauh et al), 2020;65:15–20

#### **Complete curettage**

Comparison of Methotrexate and Uterine Artery Embolization in Patients with Cesarean Scar Pregnancy <7 Weeks. (Wei and Yu), 2020;65:183–188

#### **Complete mole**

Twin Pregnancy with Coexistence of a Healthy Fetus and a Complete Hydatidiform Mole: A Case Report. (Hartmann et al), 2020;65:71–76

#### **Complex multiple pregnancy**

Failure of Monochorionic Triplet Pregnancy Reduction After Use of a Mechanical Method: A Case Report. (Pang et al), 2020;65:329–332

#### **Congenital abnormalities**

Analysis of Genetic Factors in 600 Patients with Missed Abortion in China. (Feng et al), 2020;65:134–142

Occurrence of Polyhydramnios and Oligohydramnios During Prenatal Ultrasonography in Cases of Detected Fetal and Neonatal Developmental Abnormalities. (Simonyi et al), 2020;65:57–66

#### **Consent**

Inform and Consent: More Than Just “Sign Here.” (Madeira et al), 2020;65:213–219

#### **Consumer health information**

Factors Associated with Repeat Induced Abortion and Implications for Family Planning Improvement in a Population from Guangzhou, China. (Xiong et al), 2020;65:113–120

Inform and Consent: More Than Just “Sign Here.” (Madeira et al), 2020;65:213–219

#### **Contraception**

Access to Contraception: Where Are We Now? (Maxwell et al), 2020;65:95–99

Current Management of Endometriosis-Associated Pain in the United States. (McLaughlin et al), 2020;65:220–226

Factors Associated with Repeat Induced Abortion and Implications for Family Planning Improvement in a Population from Guangzhou, China. (Xiong et al), 2020;65:113–120

Long-Term Contraceptive Methods Offered Immediately After Delivery for Women in Vul-

nerable Situations: Acceptability to Patients. (Silva et al), 2020;65:291–298

Rate of and Reason for Discontinuation of Levonorgestrel 13.5 mg Intrauterine System as Compared to Levonorgestrel 52 mg Intrauterine System and Subsequent Contraceptive Choice at an Academic Medical Center. (Cope et al), 2020;65:231–239

#### **Contraception behavior**

Access to Contraception: Where Are We Now? (Maxwell et al), 2020;65:95–99

Factors Associated with Repeat Induced Abortion and Implications for Family Planning Improvement in a Population from Guangzhou, China. (Xiong et al), 2020;65:113–120

#### **Contrast agent**

Quality of Examinations Carried Out by Hysterosalpingography with a High-Pressure Injector: An Analysis of Correlative Factors. (Bao et al), 2020;65:127–133

#### **Controlled ovarian hyperstimulation**

Peak Serum Estradiol and Neonatal Birth Weight Following in Vitro Fertilization. (Jackson-Bey et al), 2020;65:151–156

#### **Cryopreservation**

Optimal Timing to Warm Day 5 Vitrified Blastocysts for Frozen Embryo Transfer. (Hsu et al), 2020;65:89–94

#### **Curettage**

Comparison of Methotrexate and Uterine Artery Embolization in Patients with Cesarean Scar Pregnancy <7 Weeks. (Wei and Yu), 2020;65:183–188

## **D**

#### **Decision making**

Inform and Consent: More Than Just “Sign Here.” (Madeira et al), 2020;65:213–219

#### **Depression**

Risk Factors for Depressed Mood and Anhedonia in Mothers of Infants with Twin-Twin Transfusion Syndrome. (McMahon et al), 2020;65:21–30

#### **Diagnosis, differential**

Herlyn-Werner-Wunderlich Syndrome: A Diagnostic Challenge: A Case Report. (Vatopoulou and Grimbizis), 2020;65:146–148

Use of the ESCAPE Mnemonic May Help Differentiate Functional Ovarian Masses from Ovarian Neoplasms. (Kelly and Lentz), 2020;65:335–340

Withdrawal of Luteal Phase Support in the Management of Ectopic Pregnancy Following Frozen Embryo Transfer: A Case Report. (Ware et al), 2020;65:311–314

#### **Diagnostic imaging**

Occurrence of Polyhydramnios and Oligohydramnios During Prenatal Ultrasonography in Cases of Detected Fetal and Neonatal Developmental Abnormalities. (Simonyi et al), 2020;65:57–66

Quality of Examinations Carried Out by Hysterosalpingography with a High-Pressure Injector: An Analysis of Correlative Factors. (Bao et al), 2020;65:127–133

Rudimentary Horn Pregnancy: A Case Report. (Miller), 2020;65:315–319

#### **Diagnostic yield**

Cytology and Human Papillomavirus Surveillance in Cervical Cancer: A Low Yield Practice. (Rauh et al), 2020;65:15–20

#### **Didelphys uterus**

Herlyn-Werner-Wunderlich Syndrome: A Diagnostic Challenge: A Case Report. (Vatopoulou and Grimbizis), 2020;65:146–148

#### **Dienogest**

Long-Term Dienogest Treatment for Prevention of Recurrent Symptoms and Lesions After Surgery for Endometriosis: A Study Evaluating Adverse Events and Tolerability in Korean Women. (Kim et al), 2020;65:195–200

#### **Dilation and evacuation**

Disseminated Intravascular Coagulopathy with Dilation and Evacuation for Fetal Demise. (Chang et al), 2020;65:175–182

#### **Disclosure**

Inform and Consent: More Than Just “Sign Here.” (Madeira et al), 2020;65:213–219

#### **Disseminated intravascular coagulation**

Disseminated Intravascular Coagulopathy with Dilation and Evacuation for Fetal Demise. (Chang et al), 2020;65:175–182

#### **DNA mutational analysis**

Analysis of Genetic Factors in 600 Patients with Missed Abortion in China. (Feng et al), 2020;65:134–142

Next-Generation Sequencing Analysis on One Case of Sex-Determining Region Y-Positive and 46,XX Male Syndrome: A Case Report. (Zhao et al), 2020;65:205–209

#### **Down syndrome/diagnosis**

First-Trimester Serum-Based Screening for Aneuploidy in Pregnancy Achieved by Assisted

Reproductive Technology. (Wang et al), 2020; 65:240–248

### **Drainage of Abscess**

Laparoscopic Drainage of Complex Pelvic Abscesses. (Liu et al), 2020;65:286–290

### **Drug implants**

Long-Term Contraceptive Methods Offered Immediately After Delivery for Women in Vulnerable Situations: Acceptability to Patients. (Silva et al), 2020;65:291–298

### **Drug therapy**

Efficacy and Safety of Unfractionated Heparin Combined with Low-Molecular-Weight Heparin in the Treatment of Unexplained Recurrent Spontaneous Abortion. (Lan et al), 2020;65:189–194

### **Dysmenorrhea**

Herlyn-Werner-Wunderlich Syndrome: A Diagnostic Challenge: A Case Report. (Vatopoulou and Grimbizis), 2020;65:146–148

## **E**

### **Ectopic pregnancy**

Rudimentary Horn Pregnancy: A Case Report. (Miller), 2020;65:315–319

Treatment of Cesarean Scar Pregnancy with Laparoscopic Uterine Artery Temporary Ligation and Ectopic Gestational Tissue and Scar Excision: A Case Report. (Zhao et al), 2020;65:67–70

### **Editorial**

A Note from the Editor-in-Chief. (Devoe), 2020; 65:1–2

A Note from the Editor-in-Chief. (Devoe), 2020; 65:77–78

A Note from the Editor-in-Chief. (Devoe), 2020; 65:149–150

A Note from the Editor-in-Chief. (Devoe), 2020; 65:211–212

A Note from the Editor-in-Chief. (Devoe), 2020; 65:271–272

A Note from the Editor-in-Chief. (Devoe), 2020; 65:333–334

### **Education, medical/ethics**

Operating Room Team Member Attitudes Towards the Performance of Pelvic Examinations Under Anesthesia on Female Patients by Medical Students. (Rice et al), 2020;65:79–83

### **Educational tools**

Provider Knowledge, Comfort with, and Training on Genetics Screening and Diagnostic Testing: Assessing Educational Needs. (Delgado et al), 2020;65:31–36

### **Embryo culture techniques**

Comparing the Clinical Outcomes of Different Stage Embryos in Frozen Embryo Transfer in Patients with Recurrent Implantation Failure. (Yang et al), 2020;65:43–48

Comparison of Pregnancy Outcomes and Obstetric Complications Between Frozen Embryo Transfer and Fresh Embryo Transfer in Women with Polycystic Ovary Syndrome: A Meta-Analysis. (Cao et al), 2020;65:277–285

### **Embryo implantation**

Does Endometrial Injury Improve Outcomes of Frozen-Thawed Embryo Transfer Cycle? A Meta-Analysis. (Qin), 2020;65:257–265

### **Embryo quality**

Effect of Bacterial Detection in Gametes on IVF-ET Pregnancy Outcome. (Chen et al), 2020;65:164–168

### **Embryo research**

Does Endometrial Injury Improve Outcomes of Frozen-Thawed Embryo Transfer Cycle? A Meta-Analysis. (Qin), 2020;65:257–265

Optimal Timing to Warm Day 5 Vitrified Blastocysts for Frozen Embryo Transfer. (Hsu et al), 2020;65:89–94

### **Embryo transfer**

Comparing the Clinical Outcomes of Different Stage Embryos in Frozen Embryo Transfer in Patients with Recurrent Implantation Failure. (Yang et al), 2020;65:43–48

Comparison of Pregnancy Outcomes and Obstetric Complications Between Frozen Embryo Transfer and Fresh Embryo Transfer in Women with Polycystic Ovary Syndrome: A Meta-Analysis. (Cao et al), 2020;65:277–285

Does Endometrial Injury Improve Outcomes of Frozen-Thawed Embryo Transfer Cycle? A Meta-Analysis. (Qin), 2020;65:257–265

Effect of Bacterial Detection in Gametes on IVF-ET Pregnancy Outcome. (Chen et al), 2020;65:164–168

Failure of Monochorionic Triplet Pregnancy Reduction After Use of a Mechanical Method: A Case Report. (Pang et al), 2020;65:329–332

Optimal Timing to Warm Day 5 Vitrified Blastocysts for Frozen Embryo Transfer. (Hsu et al), 2020;65:89–94

Withdrawal of Luteal Phase Support in the Management of Ectopic Pregnancy Following Frozen Embryo Transfer: A Case Report. (Ware et al), 2020;65:311–314

**Emergency contraception**

Factors Associated with Repeat Induced Abortion and Implications for Family Planning Improvement in a Population from Guangzhou, China. (Xiong et al), 2020;65:113–120

**Endometrial ablation**

Evaluation of Uterine Bleeding After an Endometrial Ablation. (Arora et al), 2020;65:157–163

**Endometrial cancer**

Lower Uterine Segment Involvement Is a Prognostic Factor for Recurrence in Endometrial Cancer: A Study of Patient Cohort Treated with Open and Minimally Invasive Surgery. (Lim et al), 2020;65:8–14

**Endometrial injury**

Does Endometrial Injury Improve Outcomes of Frozen-Thawed Embryo Transfer Cycle? A Meta-Analysis. (Qin), 2020;65:257–265

**Endometrial neoplasms**

Evaluation of Uterine Bleeding After an Endometrial Ablation. (Arora et al), 2020;65:157–163

**Endometrial receptivity**

Does Endometrial Injury Improve Outcomes of Frozen-Thawed Embryo Transfer Cycle? A Meta-Analysis. (Qin), 2020;65:257–265

**Endometriosis**

Current Management of Endometriosis-Associated Pain in the United States. (McLaughlin et al), 2020;65:220–226

Long-Term Dienogest Treatment for Prevention of Recurrent Symptoms and Lesions After Surgery for Endometriosis: A Study Evaluating Adverse Events and Tolerability in Korean Women. (Kim et al), 2020;65:195–200

**Endometrium**

Does Endometrial Injury Improve Outcomes of Frozen-Thawed Embryo Transfer Cycle? A Meta-Analysis. (Qin), 2020;65:257–265

Evaluation of Uterine Bleeding After an Endometrial Ablation. (Arora et al), 2020;65:157–163

**Equipment and supplies**

Analysis of the Food and Drug Administration MAUDE Database for Approved Devices in Obstetrics and Gynecology. (Maurice and Galhotra), 2020;65:3–7

**ESCAPE mnemonic**

Use of the ESCAPE Mnemonic May Help Differentiate Functional Ovarian Masses from Ovarian Neoplasms. (Kelly and Lentz), 2020;65:335–340

**Estradiol**

Peak Serum Estradiol and Neonatal Birth Weight

Following in Vitro Fertilization. (Jackson-Bey et al), 2020;65:151–156

**Ethics, medical**

Inform and Consent: More Than Just “Sign Here.” (Madeira et al), 2020;65:213–219

Operating Room Team Member Attitudes Towards the Performance of Pelvic Examinations Under Anesthesia on Female Patients by Medical Students. (Rice et al), 2020;65:79–83

**Exam under anesthesia**

Operating Room Team Member Attitudes Towards the Performance of Pelvic Examinations Under Anesthesia on Female Patients by Medical Students. (Rice et al), 2020;65:79–83

**F****Fallopian tubes**

Occurrence of Polyhydramnios and Oligohydramnios During Prenatal Ultrasonography in Cases of Detected Fetal and Neonatal Developmental Abnormalities. (Simonyi et al), 2020;65:57–66

Pelvic Inspection Using Hysteroscopy Combined with Laparoscopy in the Diagnosis and Treatment of Primary and Secondary Infertility. (Ma and Huang), 2020;65:249–256

Quality of Examinations Carried Out by Hysterosalpingography with a High-Pressure Injector: An Analysis of Correlative Factors. (Bao et al), 2020;65:127–133

**False positive**

False Positive ROM Plus Result Associated with Cervical Herpes Simplex Virus: A Case Report. (Swanson et al), 2020;65:358–360

**Family planning**

Access to Contraception: Where Are We Now? (Maxwell et al), 2020;65:95–99

Factors Associated with Repeat Induced Abortion and Implications for Family Planning Improvement in a Population from Guangzhou, China. (Xiong et al), 2020;65:113–120

**FDA**

Analysis of the Food and Drug Administration MAUDE Database for Approved Devices in Obstetrics and Gynecology. (Maurice and Galhotra), 2020;65:3–7

**Ferning**

False Positive ROM Plus Result Associated with Cervical Herpes Simplex Virus: A Case Report. (Swanson et al), 2020;65:358–360

**Fertility**

Early and Late Pregnancy Rate After Myomec-

tomy Among Women with Symptomatic Uterine Fibroids. (Mára et al), 2020;65:100–106

Intracytoplasmic Sperm Injection Used in Non-Male Factor Infertility May Not Improve Pregnancy or Live Birth Rate of Advanced-Age Women with Four or Fewer Oocytes Retrieved. (Yin et al), 2020;65:107–112

Long-Term Fetomaternal Outcomes After Fertility-Sparing Surgery in Malignant Ovarian Germ Cell Tumor Patients. (Guo et al), 2020;65:299–304

Subclinical Autoimmune Thyroid Dysfunction in Infertile Euthyroid Patients: The Risk of Spontaneous Abortion. (Majnarić et al), 2020;65:169–174

### **Fertility preservation**

Cytology and Human Papillomavirus Surveillance in Cervical Cancer: A Low Yield Practice. (Rauh et al), 2020;65:15–20

Healthy Term Live Birth After Focal Embolization of Symptomatic Post-Myomectomy Arteriovenous Malformation in a Patient with Recurrent Pregnancy Loss: A Case Report. (Armstrong and Kroener), 2020;65:143–145

Long-Term Fetomaternal Outcomes After Fertility-Sparing Surgery in Malignant Ovarian Germ Cell Tumor Patients. (Guo et al), 2020;65:299–304

### **Fertilization in vitro**

Analyzing the SART CORS Database: The Agonist Suppression Protocol is Superior to Antagonist Suppression and Co-flare Protocols in Women with Diminished Ovarian Reserve. (Purdy et al), 2020;65:84–88

Intracytoplasmic Sperm Injection Used in Non-Male Factor Infertility May Not Improve Pregnancy or Live Birth Rate of Advanced-Age Women with Four or Fewer Oocytes Retrieved. (Yin et al), 2020;65:107–112

Withdrawal of Luteal Phase Support in the Management of Ectopic Pregnancy Following Frozen Embryo Transfer: A Case Report. (Ware et al), 2020;65:311–314

### **Fetal death**

Disseminated Intravascular Coagulopathy with Dilation and Evacuation for Fetal Demise. (Chang et al), 2020;65:175–182

### **Fetal developmental disorder**

Occurrence of Polyhydramnios and Oligohydramnios During Prenatal Ultrasonography in Cases of Detected Fetal and Neonatal Developmental Abnormalities. (Simonyi et al), 2020;65:57–66

### **Fetal growth**

Neonatal Outcome of Selective and Nonselective Small-for-Gestational-Age Twins: A Case Control Study. (Kosinska-Kaczynska et al), 2020;65:351–357

### **Fetal heart**

Occurrence of Polyhydramnios and Oligohydramnios During Prenatal Ultrasonography in Cases of Detected Fetal and Neonatal Developmental Abnormalities. (Simonyi et al), 2020;65:57–66

### **Fetal reduction**

Failure of Monochorionic Triplet Pregnancy Reduction After Use of a Mechanical Method: A Case Report. (Pang et al), 2020;65:329–332

### **Fetal ultrasonography**

Occurrence of Polyhydramnios and Oligohydramnios During Prenatal Ultrasonography in Cases of Detected Fetal and Neonatal Developmental Abnormalities. (Simonyi et al), 2020;65:57–66

### **Fetofetal transfusion syndrome**

Risk Factors for Depressed Mood and Anhedonia in Mothers of Infants with Twin-Twin Transfusion Syndrome. (McMahon et al), 2020;65:21–30

### **Fetus**

Twin Pregnancy with Coexistence of a Healthy Fetus and a Complete Hydatidiform Mole: A Case Report. (Hartmann et al), 2020;65:71–76

### **Fibrinolytic agents**

Efficacy and Safety of Unfractionated Heparin Combined with Low-Molecular-Weight Heparin in the Treatment of Unexplained Recurrent Spontaneous Abortion. (Lan et al), 2020;65:189–194

### **First-trimester serum-based screening**

First-Trimester Serum-Based Screening for Aneuploidy in Pregnancy Achieved by Assisted Reproductive Technology. (Wang et al), 2020;65:240–248

### **Flow rate**

Quality of Examinations Carried Out by Hysterosalpingography with a High-Pressure Injector: An Analysis of Correlative Factors. (Bao et al), 2020;65:127–133

### **FMR1 gene**

Analysis of Genetic Factors in 600 Patients with Missed Abortion in China. (Feng et al), 2020;65:134–142

**Follicle-stimulating hormone**

Analyzing the SART CORS Database: The Agonist Suppression Protocol is Superior to Antagonist Suppression and Co-flare Protocols in Women with Diminished Ovarian Reserve. (Purdy et al), 2020;65:84–88

**Follicular fluid**

Concentrations of Angiogenic Factors in Relation to Anti-Müllerian Hormone in Human Pre-ovulatory Follicular Fluid. (Nishigaki et al), 2020;65:37–42

**Fragile X mental retardation protein/genetics**

Analysis of Genetic Factors in 600 Patients with Missed Abortion in China. (Feng et al), 2020; 65:134–142

**Free  $\beta$ -hCG**

First-Trimester Serum-Based Screening for Aneuploidy in Pregnancy Achieved by Assisted Reproductive Technology. (Wang et al), 2020; 65:240–248

**Fresh embryo transfer**

Comparison of Pregnancy Outcomes and Obstetric Complications Between Frozen Embryo Transfer and Fresh Embryo Transfer in Women with Polycystic Ovary Syndrome: A Meta-Analysis. (Cao et al), 2020;65:277–285

**Frozen embryo transfer**

Comparing the Clinical Outcomes of Different Stage Embryos in Frozen Embryo Transfer in Patients with Recurrent Implantation Failure. (Yang et al), 2020;65:43–48

Comparison of Pregnancy Outcomes and Obstetric Complications Between Frozen Embryo Transfer and Fresh Embryo Transfer in Women with Polycystic Ovary Syndrome: A Meta-Analysis. (Cao et al), 2020;65:277–285

Does Endometrial Injury Improve Outcomes of Frozen-Thawed Embryo Transfer Cycle? A Meta-Analysis. (Qin), 2020;65:257–265

**G****Genes, BRCA1**

Legal Liabilities Associated with Hereditary Breast and Ovarian Cancers. (Neff et al), 2020; 65:227–230

**Genetic testing**

Legal Liabilities Associated with Hereditary Breast and Ovarian Cancers. (Neff et al), 2020; 65:227–230

Provider Knowledge, Comfort with, and Training on Genetics Screening and Diagnostic Test-

ing: Assessing Educational Needs. (Delgado et al), 2020;65:31–36

**Genetics**

Analysis of Genetic Factors in 600 Patients with Missed Abortion in China. (Feng et al), 2020; 65:134–142

**Germ cell cancer**

Long-Term Fetomaternal Outcomes After Fertility-Sparing Surgery in Malignant Ovarian Germ Cell Tumor Patients. (Guo et al), 2020;65:299–304

**Gestational trophoblastic disease**

Twin Pregnancy with Coexistence of a Healthy Fetus and a Complete Hydatidiform Mole: A Case Report. (Hartmann et al), 2020;65:71–76

**Gonadal sex reversal, 46,XX**

Next-Generation Sequencing Analysis on One Case of Sex-Determining Region Y–Positive and 46,XX Male Syndrome: A Case Report. (Zhao et al), 2020;65:205–209

**Gonadotropin-releasing hormone**

Analyzing the SART CORS Database: The Agonist Suppression Protocol is Superior to Antagonist Suppression and Co-flare Protocols in Women with Diminished Ovarian Reserve. (Purdy et al), 2020;65:84–88

**Guidelines as topic**

Inform and Consent: More Than Just “Sign Here.” (Madeira et al), 2020;65:213–219

**Gynecologic surgical procedures**

Lower Uterine Segment Involvement Is a Prognostic Factor for Recurrence in Endometrial Cancer: A Study of Patient Cohort Treated with Open and Minimally Invasive Surgery. (Lim et al), 2020;65:8–14

**Gynecology/education**

Operating Room Team Member Attitudes Towards the Performance of Pelvic Examinations Under Anesthesia on Female Patients by Medical Students. (Rice et al), 2020;65:79–83

**Gynecology/organization & administration**

Tracking and Reminder Systems in OB/GYN Practice: A Survey of Practitioners. (Booher et al), 2020;65:273–276

**H****Health knowledge, attitudes, practice, policy**

Factors Associated with Repeat Induced Abortion and Implications for Family Planning Improvement in a Population from Guangzhou, China. (Xiong et al), 2020;65:113–120

**Health surveys**

Long-Term Contraceptive Methods Offered Immediately After Delivery for Women in Vulnerable Situations: Acceptability to Patients. (Silva et al), 2020;65:291–298

**Heavy menstrual bleeding**

Evaluation of Uterine Bleeding After an Endometrial Ablation. (Arora et al), 2020;65:157–163

**Hemorrhage**

Disseminated Intravascular Coagulopathy with Dilation and Evacuation for Fetal Demise. (Chang et al), 2020;65:175–182

**Heparin**

Efficacy and Safety of Unfractionated Heparin Combined with Low-Molecular-Weight Heparin in the Treatment of Unexplained Recurrent Spontaneous Abortion. (Lan et al), 2020;65:189–194

**Hereditary breast and ovarian cancer syndrome**

Legal Liabilities Associated with Hereditary Breast and Ovarian Cancers. (Neff et al), 2020;65:227–230

**Herlyn-Werner-Wunderlich syndrome**

Herlyn-Werner-Wunderlich Syndrome: A Diagnostic Challenge: A Case Report. (Vatopoulou and Grimbizis), 2020;65:146–148

**Herpes simplex virus**

False Positive ROM Plus Result Associated with Cervical Herpes Simplex Virus: A Case Report. (Swanson et al), 2020;65:358–360

**Hormonal/therapeutic use**

Current Management of Endometriosis-Associated Pain in the United States. (McLaughlin et al), 2020;65:220–226

**Horn**

Rudimentary Horn Pregnancy: A Case Report. (Miller), 2020;65:315–319

**Human papillomavirus**

Comparison of CerviHPV and Cobas 4800 HPV Tests for Detection of High-Risk HPV Infection in Cervical Swab Specimens. (Du et al), 2020;65:49–56

Cytology and Human Papillomavirus Surveillance in Cervical Cancer: A Low Yield Practice. (Rauh et al), 2020;65:15–20

**Hydatidiform mole**

Twin Pregnancy with Coexistence of a Healthy Fetus and a Complete Hydatidiform Mole: A Case Report. (Hartmann et al), 2020;65:71–76

**Hydrosalpinx**

Quality of Examinations Carried Out by Hysterosalpingography with a High-Pressure Injec-

tor: An Analysis of Correlative Factors. (Bao et al), 2020;65:127–133

**Hypertension**

Cross-Sectional Association Between Hypertension and Asymptomatic Uterine Leiomyoma Detected During Routine Screening in Premenopausal Chinese Women. (Meng et al), 2020;65:305–310

Medical Management of a Paraganglioma Throughout Pregnancy: A Case Report. (Dengler et al), 2020;65:325–328

**Hypothyroidism**

Subclinical Autoimmune Thyroid Dysfunction in Infertile Euthyroid Patients: The Risk of Spontaneous Abortion. (Majnarić et al), 2020;65:169–174

**Hysterectomy**

Lower Uterine Segment Involvement Is a Prognostic Factor for Recurrence in Endometrial Cancer: A Study of Patient Cohort Treated with Open and Minimally Invasive Surgery. (Lim et al), 2020;65:8–14

**Hysterosalpingography**

Quality of Examinations Carried Out by Hysterosalpingography with a High-Pressure Injector: An Analysis of Correlative Factors. (Bao et al), 2020;65:127–133

**Hysteroscopy**

Intramural Ectopic Pregnancy: Diagnosis and Treatment: A Case Report. (Wang et al), 2020;65:365–370

Pelvic Inspection Using Hysteroscopy Combined with Laparoscopy in the Diagnosis and Treatment of Primary and Secondary Infertility. (Ma and Huang), 2020;65:249–256

**I****IGFBP-1**

False Positive ROM Plus Result Associated with Cervical Herpes Simplex Virus: A Case Report. (Swanson et al), 2020;65:358–360

**Implantation rate**

Does Endometrial Injury Improve Outcomes of Frozen-Thawed Embryo Transfer Cycle? A Meta-Analysis. (Qin), 2020;65:257–265

**In vitro fertilization**

Comparing the Clinical Outcomes of Different Stage Embryos in Frozen Embryo Transfer in Patients with Recurrent Implantation Failure. (Yang et al), 2020;65:43–48

Concentrations of Angiogenic Factors in Relation

to Anti-Müllerian Hormone in Human Preovulatory Follicular Fluid. (Nishigaki et al), 2020;65:37–42

Does Endometrial Injury Improve Outcomes of Frozen-Thawed Embryo Transfer Cycle? A Meta-Analysis. (Qin), 2020;65:257–265

Effect of Bacterial Detection in Gametes on IVF-ET Pregnancy Outcome. (Chen et al), 2020;65:164–168

Failure of Monochorionic Triplet Pregnancy Reduction After Use of a Mechanical Method: A Case Report. (Pang et al), 2020;65:329–332

Inform and Consent: More Than Just “Sign Here.” (Madeira et al), 2020;65:213–219

Intracytoplasmic Sperm Injection Used in Non-Male Factor Infertility May Not Improve Pregnancy or Live Birth Rate of Advanced-Age Women with Four or Fewer Oocytes Retrieved. (Yin et al), 2020;65:107–112

Optimal Timing to Warm Day 5 Vitriified Blastocysts for Frozen Embryo Transfer. (Hsu et al), 2020;65:89–94

Peak Serum Estradiol and Neonatal Birth Weight Following in Vitro Fertilization. (Jackson-Bey et al), 2020;65:151–156

Short-Interval Second Ejaculation: A Strategy to Reduce the Usage of Intracytoplasmic Sperm Injection in Assisted Reproductive Treatment. (Li et al), 2020;65:341–346

Subclinical Autoimmune Thyroid Dysfunction in Infertile Euthyroid Patients: The Risk of Spontaneous Abortion. (Majnarić et al), 2020;65:169–174

#### **Infant, low birth weight**

Peak Serum Estradiol and Neonatal Birth Weight Following in Vitro Fertilization. (Jackson-Bey et al), 2020;65:151–156

#### **Infertility**

Analyzing the SART CORS Database: The Agonist Suppression Protocol is Superior to Antagonist Suppression and Co-flare Protocols in Women with Diminished Ovarian Reserve. (Purdy et al), 2020;65:84–88

Comparison of Pregnancy Outcomes and Obstetric Complications Between Frozen Embryo Transfer and Fresh Embryo Transfer in Women with Polycystic Ovary Syndrome: A Meta-Analysis. (Cao et al), 2020;65:277–285

Does Endometrial Injury Improve Outcomes of Frozen-Thawed Embryo Transfer Cycle? A Meta-Analysis. (Qin), 2020;65:257–265

Early and Late Pregnancy Rate After Myomectomy Among Women with Symptomatic Uterine Fibroids. (Mára et al), 2020;65:100–106

Intracytoplasmic Sperm Injection Used in Non-Male Factor Infertility May Not Improve Pregnancy or Live Birth Rate of Advanced-Age Women with Four or Fewer Oocytes Retrieved. (Yin et al), 2020;65:107–112

Next-Generation Sequencing Analysis on One Case of Sex-Determining Region Y-Positive and 46,XX Male Syndrome: A Case Report. (Zhao et al), 2020;65:205–209

Pelvic Inspection Using Hysteroscopy Combined with Laparoscopy in the Diagnosis and Treatment of Primary and Secondary Infertility. (Ma and Huang), 2020;65:249–256

Quality of Examinations Carried Out by Hysterosalpingography with a High-Pressure Injector: An Analysis of Correlative Factors. (Bao et al), 2020;65:127–133

Subclinical Autoimmune Thyroid Dysfunction in Infertile Euthyroid Patients: The Risk of Spontaneous Abortion. (Majnarić et al), 2020;65:169–174

#### **Inflammatory disease**

Laparoscopic Drainage of Complex Pelvic Abscesses. (Liu et al), 2020;65:286–290

#### **Informed consent**

Inform and Consent: More Than Just “Sign Here.” (Madeira et al), 2020;65:213–219

Operating Room Team Member Attitudes Towards the Performance of Pelvic Examinations Under Anesthesia on Female Patients by Medical Students. (Rice et al), 2020;65:79–83

#### **International Ovarian Tumor Analysis**

Use of the ESCAPE Mnemonic May Help Differentiate Functional Ovarian Masses from Ovarian Neoplasms. (Kelly and Lentz), 2020;65:335–340

#### **Intracytoplasmic sperm injection**

Analyzing the SART CORS Database: The Agonist Suppression Protocol is Superior to Antagonist Suppression and Co-flare Protocols in Women with Diminished Ovarian Reserve. (Purdy et al), 2020;65:84–88

Intracytoplasmic Sperm Injection Used in Non-Male Factor Infertility May Not Improve Pregnancy or Live Birth Rate of Advanced-Age Women with Four or Fewer Oocytes Retrieved. (Yin et al), 2020;65:107–112

**Intramural ectopic pregnancy**

Intramural Ectopic Pregnancy: Diagnosis and Treatment: A Case Report. (Wang et al), 2020; 65:365–370

**Intrauterine devices**

Long-Term Contraceptive Methods Offered Immediately After Delivery for Women in Vulnerable Situations: Acceptability to Patients. (Silva et al), 2020;65:291–298

Rate of and Reason for Discontinuation of Levonorgestrel 13.5 mg Intrauterine System as Compared to Levonorgestrel 52 mg Intrauterine System and Subsequent Contraceptive Choice at an Academic Medical Center. (Cope et al), 2020;65:231–239

**Intrauterine fetal demise**

Disseminated Intravascular Coagulopathy with Dilation and Evacuation for Fetal Demise. (Chang et al), 2020;65:175–182

**K****Karyotyping**

Analysis of Genetic Factors in 600 Patients with Missed Abortion in China. (Feng et al), 2020; 65:134–142

**Kidney abnormalities**

Herlyn-Werner-Wunderlich Syndrome: A Diagnostic Challenge: A Case Report. (Vatopoulou and Grimbizis), 2020;65:146–148

**L****Laparoscopic myomectomy**

Early and Late Pregnancy Rate After Myomectomy Among Women with Symptomatic Uterine Fibroids. (Mára et al), 2020;65:100–106

**Laparoscopy**

Current Management of Endometriosis-Associated Pain in the United States. (McLaughlin et al), 2020;65:220–226

Lower Uterine Segment Involvement Is a Prognostic Factor for Recurrence in Endometrial Cancer: A Study of Patient Cohort Treated with Open and Minimally Invasive Surgery. (Lim et al), 2020;65:8–14

Pelvic Inspection Using Hysteroscopy Combined with Laparoscopy in the Diagnosis and Treatment of Primary and Secondary Infertility. (Ma and Huang), 2020;65:249–256

Rudimentary Horn Pregnancy: A Case Report. (Miller), 2020;65:315–319

Treatment of Cesarean Scar Pregnancy with Laparoscopic Uterine Artery Temporary Ligation and Ectopic Gestational Tissue and Scar Excision: A Case Report. (Zhao et al), 2020;65: 67–70

**Laparotomy**

Intramural Ectopic Pregnancy: Diagnosis and Treatment: A Case Report. (Wang et al), 2020; 65:365–370

**Legal liability**

Inform and Consent: More Than Just “Sign Here.” (Madeira et al), 2020;65:213–219

**Leiomyoma**

Early and Late Pregnancy Rate After Myomectomy Among Women with Symptomatic Uterine Fibroids. (Mára et al), 2020;65:100–106

Laparoscopic Excision of a Fallopian Tube Teratoma with Multiple Uterine Leiomyomas and an Allelic p53 Mutation: A Case Report. (Ren et al), 2020;65:266–270

**Levonorgestrel**

Rate of and Reason for Discontinuation of Levonorgestrel 13.5 mg Intrauterine System as Compared to Levonorgestrel 52 mg Intrauterine System and Subsequent Contraceptive Choice at an Academic Medical Center. (Cope et al), 2020;65:231–239

**Long-acting reversible contraception**

Long-Term Contraceptive Methods Offered Immediately After Delivery for Women in Vulnerable Situations: Acceptability to Patients. (Silva et al), 2020;65:291–298

Rate of and Reason for Discontinuation of Levonorgestrel 13.5 mg Intrauterine System as Compared to Levonorgestrel 52 mg Intrauterine System and Subsequent Contraceptive Choice at an Academic Medical Center. (Cope et al), 2020;65:231–239

**Low birth weight**

Peak Serum Estradiol and Neonatal Birth Weight Following in Vitro Fertilization. (Jackson-Bey et al), 2020;65:151–156

Ureaplasma Urealyticum Infection in the Genitourinary Tract in Pregnant Women with Premature Rupture of Membranes: An Analysis. (Cao et al), 2020;65:121–126

**Low molecular weight heparin**

Efficacy and Safety of Unfractionated Heparin Combined with Low-Molecular-Weight Heparin in the Treatment of Unexplained Recurrent Spontaneous Abortion. (Lan et al), 2020;65: 189–194

**Luteal phase**

Does Endometrial Injury Improve Outcomes of Frozen-Thawed Embryo Transfer Cycle? A Meta-Analysis. (Qin), 2020;65:257–265

Withdrawal of Luteal Phase Support in the Management of Ectopic Pregnancy Following Frozen Embryo Transfer: A Case Report. (Ware et al), 2020;65:311–314

**M****Magnetic resonance imaging**

Comparison of Methotrexate and Uterine Artery Embolization in Patients with Cesarean Scar Pregnancy <7 Weeks. (Wei and Yu), 2020;65:183–188

Herlyn-Werner-Wunderlich Syndrome: A Diagnostic Challenge: A Case Report. (Vatopoulou and Grimbizis), 2020;65:146–148

Intramural Ectopic Pregnancy: Diagnosis and Treatment: A Case Report. (Wang et al), 2020;65:365–370

Laparoscopic Drainage of Complex Pelvic Abscesses. (Liu et al), 2020;65:286–290

Rudimentary Horn Pregnancy: A Case Report. (Miller), 2020;65:315–319

**Malignant ovarian germ cell tumor**

Long-Term Fetomaternal Outcomes After Fertility-Sparing Surgery in Malignant Ovarian Germ Cell Tumor Patients. (Guo et al), 2020;65:299–304

**Maternal age**

Analysis of Genetic Factors in 600 Patients with Missed Abortion in China. (Feng et al), 2020;65:134–142

Analyzing the SART CORS Database: The Agonist Suppression Protocol is Superior to Antagonist Suppression and Co-flare Protocols in Women with Diminished Ovarian Reserve. (Purdy et al), 2020;65:84–88

Intracytoplasmic Sperm Injection Used in Non-Male Factor Infertility May Not Improve Pregnancy or Live Birth Rate of Advanced-Age Women with Four or Fewer Oocytes Retrieved. (Yin et al), 2020;65:107–112

**MAUDE Database**

Analysis of the Food and Drug Administration MAUDE Database for Approved Devices in Obstetrics and Gynecology. (Maurice and Galhotra), 2020;65:3–7

**Medical devices**

Analysis of the Food and Drug Administration MAUDE Database for Approved Devices in

Obstetrics and Gynecology. (Maurice and Galhotra), 2020;65:3–7

**Medical education**

Operating Room Team Member Attitudes Towards the Performance of Pelvic Examinations Under Anesthesia on Female Patients by Medical Students. (Rice et al), 2020;65:79–83

Provider Knowledge, Comfort with, and Training on Genetics Screening and Diagnostic Testing: Assessing Educational Needs. (Delgado et al), 2020;65:31–36

**Medical liability**

Inform and Consent: More Than Just “Sign Here.” (Madeira et al), 2020;65:213–219

**Menstruation disturbances**

Long-Term Dienogest Treatment for Prevention of Recurrent Symptoms and Lesions After Surgery for Endometriosis: A Study Evaluating Adverse Events and Tolerability in Korean Women. (Kim et al), 2020;65:195–200

**Mesonephric ducts**

Herlyn-Werner-Wunderlich Syndrome: A Diagnostic Challenge: A Case Report. (Vatopoulou and Grimbizis), 2020;65:146–148

**Methotrexate**

Comparison of Methotrexate and Uterine Artery Embolization in Patients with Cesarean Scar Pregnancy <7 Weeks. (Wei and Yu), 2020;65:183–188

Withdrawal of Luteal Phase Support in the Management of Ectopic Pregnancy Following Frozen Embryo Transfer: A Case Report. (Ware et al), 2020;65:311–314

**Molar pregnancy**

Twin Pregnancy with Coexistence of a Healthy Fetus and a Complete Hydatidiform Mole: A Case Report. (Hartmann et al), 2020;65:71–76

**Monochorionic triplets**

Failure of Monochorionic Triplet Pregnancy Reduction After Use of a Mechanical Method: A Case Report. (Pang et al), 2020;65:329–332

**MRI**

Laparoscopic Drainage of Complex Pelvic Abscesses. (Liu et al), 2020;65:286–290

**Müllerian anomalies**

Successful Delivery Following Prior Bicornuate Uterine Rupture: A Case Report. (Endo et al), 2020;65:361–364

**Müllerian ducts**

Herlyn-Werner-Wunderlich Syndrome: A Diagnostic Challenge: A Case Report. (Vatopoulou and Grimbizis), 2020;65:146–148

Rudimentary Horn Pregnancy: A Case Report. (Miller), 2020;65:315–319

#### **Multiple pregnancy**

Neonatal Outcome of Selective and Nonselective Small-for-Gestational-Age Twins: A Case Control Study. (Kosinska-Kaczynska et al), 2020; 65:351–357

#### **Multiplex quantitative polymerase chain reaction**

Comparison of CerviHPV and Cobas 4800 HPV Tests for Detection of High-Risk HPV Infection in Cervical Swab Specimens. (Du et al), 2020;65:49–56

#### **Mycoplasma hominis**

Ureaplasma Urealyticum Infection in the Genitourinary Tract in Pregnant Women with Premature Rupture of Membranes: An Analysis. (Cao et al), 2020;65:121–126

#### **Myomectomy**

Intramural Ectopic Pregnancy: Diagnosis and Treatment: A Case Report. (Wang et al), 2020; 65:365–370

## N

#### **Neoplasm staging**

Cytology and Human Papillomavirus Surveillance in Cervical Cancer: A Low Yield Practice. (Rauh et al), 2020;65:15–20

#### **Neonatal outcome**

Long-Term Fetomaternal Outcomes After Fertility-Sparing Surgery in Malignant Ovarian Germ Cell Tumor Patients. (Guo et al), 2020;65:299–304

Neonatal Outcome of Selective and Nonselective Small-for-Gestational-Age Twins: A Case Control Study. (Kosinska-Kaczynska et al), 2020; 65:351–357

#### **Neoplasm recurrence**

Cytology and Human Papillomavirus Surveillance in Cervical Cancer: A Low Yield Practice. (Rauh et al), 2020;65:15–20

Lower Uterine Segment Involvement Is a Prognostic Factor for Recurrence in Endometrial Cancer: A Study of Patient Cohort Treated with Open and Minimally Invasive Surgery. (Lim et al), 2020;65:8–14

#### **Next-generation sequencing**

Next-Generation Sequencing Analysis on One Case of Sex-Determining Region Y-Positive and 46,XX Male Syndrome: A Case Report. (Zhao et al), 2020;65:205–209

#### **Non-male factor infertility**

Intracytoplasmic Sperm Injection Used in Non-

Male Factor Infertility May Not Improve Pregnancy or Live Birth Rate of Advanced-Age Women with Four or Fewer Oocytes Retrieved. (Yin et al), 2020;65:107–112

#### **Nonsteroidal/therapeutic use**

Current Management of Endometriosis-Associated Pain in the United States. (McLaughlin et al), 2020;65:220–226

#### **Nuchal translucency**

First-Trimester Serum-Based Screening for Aneuploidy in Pregnancy Achieved by Assisted Reproductive Technology. (Wang et al), 2020; 65:240–248

## O

#### **Obstetric labor complications**

Ureaplasma Urealyticum Infection in the Genitourinary Tract in Pregnant Women with Premature Rupture of Membranes: An Analysis. (Cao et al), 2020;65:121–126

#### **Obstetrics/organization & administration**

Tracking and Reminder Systems in OB/GYN Practice: A Survey of Practitioners. (Booher et al), 2020;65:273–276

#### **Oligohydramnios**

Occurrence of Polyhydramnios and Oligohydramnios During Prenatal Ultrasonography in Cases of Detected Fetal and Neonatal Developmental Abnormalities. (Simonyi et al), 2020; 65:57–66

#### **Oocytes**

Analyzing the SART CORS Database: The Agonist Suppression Protocol is Superior to Antagonist Suppression and Co-flare Protocols in Women with Diminished Ovarian Reserve. (Purdy et al), 2020;65:84–88

Intracytoplasmic Sperm Injection Used in Non-Male Factor Infertility May Not Improve Pregnancy or Live Birth Rate of Advanced-Age Women with Four or Fewer Oocytes Retrieved. (Yin et al), 2020;65:107–112

#### **Open myomectomy**

Early and Late Pregnancy Rate After Myomectomy Among Women with Symptomatic Uterine Fibroids. (Mára et al), 2020;65:100–106

#### **Ovarian cancer**

High-Dose Palliative Radiation Therapy for Solitary Recurrence of Ovarian Cancer in the Brain: A Case Report. (Chen et al), 2020;65: 320–324

Legal Liabilities Associated with Hereditary

Breast and Ovarian Cancers. (Neff et al), 2020;65:227–230

Long-Term Fetomaternal Outcomes After Fertility-Sparing Surgery in Malignant Ovarian Germ Cell Tumor Patients. (Guo et al), 2020;65:299–304

Use of the ESCAPE Mnemonic May Help Differentiate Functional Ovarian Masses from Ovarian Neoplasms. (Kelly and Lentz), 2020;65:335–340

#### Ovarian diseases

Long-Term Dienogest Treatment for Prevention of Recurrent Symptoms and Lesions After Surgery for Endometriosis: A Study Evaluating Adverse Events and Tolerability in Korean Women. (Kim et al), 2020;65:195–200

#### Ovarian function tests

Pelvic Inspection Using Hysteroscopy Combined with Laparoscopy in the Diagnosis and Treatment of Primary and Secondary Infertility. (Ma and Huang), 2020;65:249–256

#### Ovarian germ cell tumor

Long-Term Fetomaternal Outcomes After Fertility-Sparing Surgery in Malignant Ovarian Germ Cell Tumor Patients. (Guo et al), 2020;65:299–304

#### Ovarian reserve

Analyzing the SART CORS Database: The Agonist Suppression Protocol is Superior to Antagonist Suppression and Co-flare Protocols in Women with Diminished Ovarian Reserve. (Purdy et al), 2020;65:84–88

Intracytoplasmic Sperm Injection Used in Non-Male Factor Infertility May Not Improve Pregnancy or Live Birth Rate of Advanced-Age Women with Four or Fewer Oocytes Retrieved. (Yin et al), 2020;65:107–112

#### Ovary

Analyzing the SART CORS Database: The Agonist Suppression Protocol is Superior to Antagonist Suppression and Co-flare Protocols in Women with Diminished Ovarian Reserve. (Purdy et al), 2020;65:84–88

Concentrations of Angiogenic Factors in Relation to Anti-Müllerian Hormone in Human Pre-ovulatory Follicular Fluid. (Nishigaki et al), 2020;65:37–42

## P

#### p53 mutation

Laparoscopic Excision of a Fallopian Tube Teratoma with Multiple Uterine Leiomyomas and

an Allelic p53 Mutation: A Case Report. (Ren et al), 2020;65:266–270

#### Palliative treatment

High-Dose Palliative Radiation Therapy for Solitary Recurrence of Ovarian Cancer in the Brain: A Case Report. (Chen et al), 2020;65:320–324

#### Papanicolaou test

Cytology and Human Papillomavirus Surveillance in Cervical Cancer: A Low Yield Practice. (Rauh et al), 2020;65:15–20

#### PAPP-A

First-Trimester Serum-Based Screening for Aneuploidy in Pregnancy Achieved by Assisted Reproductive Technology. (Wang et al), 2020;65:240–248

#### Paraganglioma

Medical Management of a Paraganglioma Throughout Pregnancy: A Case Report. (Dengler et al), 2020;65:325–328

#### Paramesonephric ducts

Herlyn-Werner-Wunderlich Syndrome: A Diagnostic Challenge: A Case Report. (Vatopoulou and Grimbizis), 2020;65:146–148

#### Patient compliance

Tracking and Reminder Systems in OB/GYN Practice: A Survey of Practitioners. (Booher et al), 2020;65:273–276

#### Patient preference

Inform and Consent: More Than Just “Sign Here.” (Madeira et al), 2020;65:213–219

#### Patient-centered care

Access to Contraception: Where Are We Now? (Maxwell et al), 2020;65:95–99

#### Pelvic abscess

Laparoscopic Drainage of Complex Pelvic Abscesses. (Liu et al), 2020;65:286–290

#### Pelvic adhesion

Pelvic Inspection Using Hysteroscopy Combined with Laparoscopy in the Diagnosis and Treatment of Primary and Secondary Infertility. (Ma and Huang), 2020;65:249–256

#### Pelvic examination

Operating Room Team Member Attitudes Towards the Performance of Pelvic Examinations Under Anesthesia on Female Patients by Medical Students. (Rice et al), 2020;65:79–83

#### Pelvic inflammatory disease

Laparoscopic Drainage of Complex Pelvic Abscesses. (Liu et al), 2020;65:286–290

#### Pelvic pain

Current Management of Endometriosis-

Associated Pain in the United States. (McLaughlin et al), 2020;65:220–226

Long-Term Dienogest Treatment for Prevention of Recurrent Symptoms and Lesions After Surgery for Endometriosis: A Study Evaluating Adverse Events and Tolerability in Korean Women. (Kim et al), 2020;65:195–200

#### **Pelvic ultrasound**

Cross-Sectional Association Between Hypertension and Asymptomatic Uterine Leiomyoma Detected During Routine Screening in Premenopausal Chinese Women. (Meng et al), 2020;65:305–310

#### **Perineal laceration**

Vaginismus and Pregnancy Outcomes. (Ioshyhes et al), 2020;65:347–350

#### **Personal autonomy**

Inform and Consent: More Than Just “Sign Here.” (Madeira et al), 2020;65:213–219

#### **Pheochromocytoma**

Medical Management of a Paraganglioma Throughout Pregnancy: A Case Report. (Dengler et al), 2020;65:325–328

#### **Physician-patient relations**

Inform and Consent: More Than Just “Sign Here.” (Madeira et al), 2020;65:213–219

Quality of Examinations Carried Out by Hysterosalpingography with a High-Pressure Injector: An Analysis of Correlative Factors. (Bao et al), 2020;65:127–133

#### **Pregnancy reduction, multifetal**

Failure of Monochorionic Triplet Pregnancy Reduction After Use of a Mechanical Method: A Case Report. (Pang et al), 2020;65:329–332

#### **Pregnancy trimester, first**

Efficacy and Safety of Unfractionated Heparin Combined with Low-Molecular-Weight Heparin in the Treatment of Unexplained Recurrent Spontaneous Abortion. (Lan et al), 2020;65:189–194

#### **Pregnancy-associated plasma protein-A**

First-Trimester Serum-Based Screening for Aneuploidy in Pregnancy Achieved by Assisted Reproductive Technology. (Wang et al), 2020;65:240–248

#### **Pregnancy/statistics & numerical data**

Access to Contraception: Where Are We Now? (Maxwell et al), 2020;65:95–99

#### **Prelabor rupture of membranes**

False Positive ROM Plus Result Associated with Cervical Herpes Simplex Virus: A Case Report. (Swanson et al), 2020;65:358–360

Ureaplasma Urealyticum Infection in the Genitourinary Tract in Pregnant Women with Premature Rupture of Membranes: An Analysis. (Cao et al), 2020;65:121–126

#### **Premature birth**

Catastrophic Antiphospholipid Syndrome with Cerebral Infarction as the First Presentation During Pregnancy: A Case Report. (Cao et al), 2020;65:201–204

#### **Prenatal genetic counseling**

Provider Knowledge, Comfort with, and Train-

ing on Genetics Screening and Diagnostic Testing: Assessing Educational Needs. (Delgado et al), 2020;65:31–36

#### **Preoperative evaluation**

Use of the ESCAPE Mnemonic May Help Differentiate Functional Ovarian Masses from Ovarian Neoplasms. (Kelly and Lentz), 2020;65:335–340

#### **Primary infertility**

Pelvic Inspection Using Hysteroscopy Combined with Laparoscopy in the Diagnosis and Treatment of Primary and Secondary Infertility. (Ma and Huang), 2020;65:249–256

#### **Providers**

Provider Knowledge, Comfort with, and Training on Genetics Screening and Diagnostic Testing: Assessing Educational Needs. (Delgado et al), 2020;65:31–36

#### **Prognosis**

Long-Term Fetomaternal Outcomes After Fertility-Sparing Surgery in Malignant Ovarian Germ Cell Tumor Patients. (Guo et al), 2020;65:299–304

#### **Prophylactic mastectomy**

Legal Liabilities Associated with Hereditary Breast and Ovarian Cancers. (Neff et al), 2020;65:227–230

#### **Prophylactic oophorectomy**

Legal Liabilities Associated with Hereditary Breast and Ovarian Cancers. (Neff et al), 2020;65:227–230

#### **Psychosocial care**

Current Management of Endometriosis-Associated Pain in the United States. (McLaughlin et al), 2020;65:220–226

#### **Public health service**

Analysis of the Food and Drug Administration MAUDE Database for Approved Devices in Obstetrics and Gynecology. (Maurice and Galhotra), 2020;65:3–7

## **R**

#### **Radiation therapy**

High-Dose Palliative Radiation Therapy for Solitary Recurrence of Ovarian Cancer in the Brain: A Case Report. (Chen et al), 2020;65:320–324

#### **Radiofrequency ablation**

Failure of Monochorionic Triplet Pregnancy Reduction After Use of a Mechanical Method: A Case Report. (Pang et al), 2020;65:329–332

**Recurrence**

Cytology and Human Papillomavirus Surveillance in Cervical Cancer: A Low Yield Practice. (Rauh et al), 2020;65:15–20

Long-Term Dienogest Treatment for Prevention of Recurrent Symptoms and Lesions After Surgery for Endometriosis: A Study Evaluating Adverse Events and Tolerability in Korean Women. (Kim et al), 2020;65:195–200

**Recurrent implantation failure**

Comparing the Clinical Outcomes of Different Stage Embryos in Frozen Embryo Transfer in Patients with Recurrent Implantation Failure. (Yang et al), 2020;65:43–48

**Registries**

Analysis of the Food and Drug Administration MAUDE Database for Approved Devices in Obstetrics and Gynecology. (Maurice and Galhotra), 2020;65:3–7

**Reminder systems**

Tracking and Reminder Systems in OB/GYN Practice: A Survey of Practitioners. (Booher et al), 2020;65:273–276

**Renal agenesis**

Herlyn-Werner-Wunderlich Syndrome: A Diagnostic Challenge: A Case Report. (Vatopoulou and Grimbizis), 2020;65:146–148

**Repeat induced abortion**

Factors Associated with Repeat Induced Abortion and Implications for Family Planning Improvement in a Population from Guangzhou, China. (Xiong et al), 2020;65:113–120

**Reproductive health**

Long-Term Fetomaternal Outcomes After Fertility-Sparing Surgery in Malignant Ovarian Germ Cell Tumor Patients. (Guo et al), 2020;65:299–304

Peak Serum Estradiol and Neonatal Birth Weight Following in Vitro Fertilization. (Jackson-Bey et al), 2020;65:151–156

**Reproductive history**

Factors Associated with Repeat Induced Abortion and Implications for Family Planning Improvement in a Population from Guangzhou, China. (Xiong et al), 2020;65:113–120

**Reproductive planning**

Long-Term Contraceptive Methods Offered Immediately After Delivery for Women in Vulnerable Situations: Acceptability to Patients. (Silva et al), 2020;65:291–298

**Reproductive techniques, assisted**

Early and Late Pregnancy Rate After Myo-

mectomy Among Women with Symptomatic Uterine Fibroids. (Mára et al), 2020;65:100–106

Effect of Bacterial Detection in Gametes on IVF-ET Pregnancy Outcome. (Chen et al), 2020;65:164–168

**Risk assessment**

Long-Term Contraceptive Methods Offered Immediately After Delivery for Women in Vulnerable Situations: Acceptability to Patients. (Silva et al), 2020;65:291–298

Use of the ESCAPE Mnemonic May Help Differentiate Functional Ovarian Masses from Ovarian Neoplasms. (Kelly and Lentz), 2020;65:335–340

**Risk factors**

Analysis of Genetic Factors in 600 Patients with Missed Abortion in China. (Feng et al), 2020;65:134–142

Analyzing the SART CORS Database: The Agonist Suppression Protocol is Superior to Antagonist Suppression and Co-flare Protocols in Women with Diminished Ovarian Reserve. (Purdy et al), 2020;65:84–88

First-Trimester Serum-Based Screening for Aneuploidy in Pregnancy Achieved by Assisted Reproductive Technology. (Wang et al), 2020;65:240–248

Risk Factors for Depressed Mood and Anhedonia in Mothers of Infants with Twin-Twin Transfusion Syndrome. (McMahon et al), 2020;65:21–30

Vaginismus and Pregnancy Outcomes. (Ioshyhes et al), 2020;65:347–350

**Robotic surgical procedures**

Lower Uterine Segment Involvement Is a Prognostic Factor for Recurrence in Endometrial Cancer: A Study of Patient Cohort Treated with Open and Minimally Invasive Surgery. (Lim et al), 2020;65:8–14

**ROM Plus®**

False Positive ROM Plus Result Associated with Cervical Herpes Simplex Virus: A Case Report. (Swanson et al), 2020;65:358–360

**Rudimentary Horn**

Rudimentary Horn Pregnancy: A Case Report. (Miller), 2020;65:315–319

**Rupture**

Rudimentary Horn Pregnancy: A Case Report. (Miller), 2020;65:315–319

**Rupture of membranes**

False Positive ROM Plus Result Associated with

Cervical Herpes Simplex Virus: A Case Report. (Swanson et al), 2020;65:358–360

## S

### Second trimester

Disseminated Intravascular Coagulopathy with Dilation and Evacuation for Fetal Demise. (Chang et al), 2020;65:175–182

### Secondary infertility

Pelvic Inspection Using Hysteroscopy Combined with Laparoscopy in the Diagnosis and Treatment of Primary and Secondary Infertility. (Ma and Huang), 2020;65:249–256

### Semen

Effect of Bacterial Detection in Gametes on IVF-ET Pregnancy Outcome. (Chen et al), 2020;65:164–168

Short-Interval Second Ejaculation: A Strategy to Reduce the Usage of Intracytoplasmic Sperm Injection in Assisted Reproductive Treatment. (Li et al), 2020;65:341–346

### Sex chromosome aberrations/genetics

Next-Generation Sequencing Analysis on One Case of Sex-Determining Region Y–Positive and 46,XX Male Syndrome: A Case Report. (Zhao et al), 2020;65:205–209

### Sex determination analysis

Next-Generation Sequencing Analysis on One Case of Sex-Determining Region Y–Positive and 46,XX Male Syndrome: A Case Report. (Zhao et al), 2020;65:205–209

### Sex reversal syndrome

Next-Generation Sequencing Analysis on One Case of Sex-Determining Region Y–Positive and 46,XX Male Syndrome: A Case Report. (Zhao et al), 2020;65:205–209

### Sexually transmitted infections

Long-Term Contraceptive Methods Offered Immediately After Delivery for Women in Vulnerable Situations: Acceptability to Patients. (Silva et al), 2020;65:291–298

### Short-interval second ejaculation

Short-Interval Second Ejaculation: A Strategy to Reduce the Usage of Intracytoplasmic Sperm Injection in Assisted Reproductive Treatment. (Li et al), 2020;65:341–346

### Slipknot

Treatment of Cesarean Scar Pregnancy with Laparoscopic Uterine Artery Temporary Ligation and Ectopic Gestational Tissue and Scar Excision: A Case Report. (Zhao et al), 2020;65:67–70

### Small for gestational age twins

Neonatal Outcome of Selective and Nonselective Small-for-Gestational-Age Twins: A Case Control Study. (Kosinska-Kaczynska et al), 2020;65:351–357

### Sperm quality

Short-Interval Second Ejaculation: A Strategy to Reduce the Usage of Intracytoplasmic Sperm Injection in Assisted Reproductive Treatment. (Li et al), 2020;65:341–346

### Spontaneous uterine rupture

Successful Delivery Following Prior Bicornuate Uterine Rupture: A Case Report. (Endo et al), 2020;65:361–364

### Stress disorders

Risk Factors for Depressed Mood and Anhedonia in Mothers of Infants with Twin-Twin Transfusion Syndrome. (McMahon et al), 2020;65:21–30

### Students, medical

Operating Room Team Member Attitudes Towards the Performance of Pelvic Examinations Under Anesthesia on Female Patients by Medical Students. (Rice et al), 2020;65:79–83

## T

### Teratoma

Laparoscopic Excision of a Fallopian Tube Teratoma with Multiple Uterine Leiomyomas and an Allelic p53 Mutation: A Case Report. (Ren et al), 2020;65:266–270

### Thyroid gland

Subclinical Autoimmune Thyroid Dysfunction in Infertile Euthyroid Patients: The Risk of Spontaneous Abortion. (Majnarić et al), 2020;65:169–174

### Thyroiditis, autoimmune

Subclinical Autoimmune Thyroid Dysfunction in Infertile Euthyroid Patients: The Risk of Spontaneous Abortion. (Majnarić et al), 2020;65:169–174

### Time factors

Long-Term Contraceptive Methods Offered Immediately After Delivery for Women in Vulnerable Situations: Acceptability to Patients. (Silva et al), 2020;65:291–298

### Translocation, genetic

Analysis of Genetic Factors in 600 Patients with Missed Abortion in China. (Feng et al), 2020;65:134–142

### Transvaginal ultrasound

Intramural Ectopic Pregnancy: Diagnosis and

Treatment: A Case Report. (Wang et al), 2020; 65:365–370

### **Triplets**

Failure of Monochorionic Triplet Pregnancy Reduction After Use of a Mechanical Method: A Case Report. (Pang et al), 2020;65:329–332

### **Trisomy 21**

Analysis of Genetic Factors in 600 Patients with Missed Abortion in China. (Feng et al), 2020; 65:134–142

### **Twin growth discordance**

Neonatal Outcome of Selective and Nonselective Small-for-Gestational-Age Twins: A Case Control Study. (Kosinska-Kaczynska et al), 2020; 65:351–357

### **Twin pregnancy**

Neonatal Outcome of Selective and Nonselective Small-for-Gestational-Age Twins: A Case Control Study. (Kosinska-Kaczynska et al), 2020; 65:351–357

Risk Factors for Depressed Mood and Anhedonia in Mothers of Infants with Twin-Twin Transfusion Syndrome. (McMahon et al), 2020; 65:21–30

Twin Pregnancy with Coexistence of a Healthy Fetus and a Complete Hydatidiform Mole: A Case Report. (Hartmann et al), 2020;65:71–76

### **Twin-twin transfusion syndrome**

Risk Factors for Depressed Mood and Anhedonia in Mothers of Infants with Twin-Twin Transfusion Syndrome. (McMahon et al), 2020; 65:21–30

## **U**

### **Ultrasonography**

Comparison of Methotrexate and Uterine Artery Embolization in Patients with Cesarean Scar Pregnancy <7 Weeks. (Wei and Yu), 2020;65: 183–188

Healthy Term Live Birth After Focal Embolization of Symptomatic Post-Myomectomy Arteriovenous Malformation in a Patient with Recurrent Pregnancy Loss: A Case Report. (Armstrong and Kroener), 2020;65:143–145

Laparoscopic Drainage of Complex Pelvic Abscesses. (Liu et al), 2020;65:286–290

Rudimentary Horn Pregnancy: A Case Report. (Miller), 2020;65:315–319

Use of the ESCAPE Mnemonic May Help Differentiate Functional Ovarian Masses from Ovarian Neoplasms. (Kelly and Lentz), 2020;65:335–340

Withdrawal of Luteal Phase Support in the Management of Ectopic Pregnancy Following Frozen Embryo Transfer: A Case Report. (Ware et al), 2020;65:311–314

### **Unexplained recurrent spontaneous abortion**

Efficacy and Safety of Unfractionated Heparin Combined with Low-Molecular-Weight Heparin in the Treatment of Unexplained Recurrent Spontaneous Abortion. (Lan et al), 2020;65: 189–194

### **Unfractionated heparin**

Efficacy and Safety of Unfractionated Heparin Combined with Low-Molecular-Weight Heparin in the Treatment of Unexplained Recurrent Spontaneous Abortion. (Lan et al), 2020;65: 189–194

### **Unicornuate uterus**

Rudimentary Horn Pregnancy: A Case Report. (Miller), 2020;65:315–319

### **United States Food and Drug Administration**

Analysis of the Food and Drug Administration MAUDE Database for Approved Devices in Obstetrics and Gynecology. (Maurice and Galhotra), 2020;65:3–7

### **Unplanned pregnancy**

Access to Contraception: Where Are We Now? (Maxwell et al), 2020;65:95–99

Factors Associated with Repeat Induced Abortion and Implications for Family Planning Improvement in a Population from Guangzhou, China. (Xiong et al), 2020;65:113–120

Long-Term Contraceptive Methods Offered Immediately After Delivery for Women in Vulnerable Situations: Acceptability to Patients. (Silva et al), 2020;65:291–298

### **Ureaplasma urealyticum**

Ureaplasma Urealyticum Infection in the Genitourinary Tract in Pregnant Women with Premature Rupture of Membranes: An Analysis. (Cao et al), 2020;65:121–126

### **Urogenital abnormalities**

Herlyn-Werner-Wunderlich Syndrome: A Diagnostic Challenge: A Case Report. (Vatopoulou and Grimbizis), 2020;65:146–148

### **USFDA**

Analysis of the Food and Drug Administration MAUDE Database for Approved Devices in Obstetrics and Gynecology. (Maurice and Galhotra), 2020;65:3–7

### **Uterine artery embolization**

Comparison of Methotrexate and Uterine Artery Embolization in Patients with Cesarean Scar

Pregnancy <7 Weeks. (Wei and Yu), 2020;65:183–188

Healthy Term Live Birth After Focal Embolization of Symptomatic Post-Myomectomy Arteriovenous Malformation in a Patient with Recurrent Pregnancy Loss: A Case Report. (Armstrong and Kroener), 2020;65:143–145

#### **Uterine artery temporary ligation**

Treatment of Cesarean Scar Pregnancy with Laparoscopic Uterine Artery Temporary Ligation and Ectopic Gestational Tissue and Scar Excision: A Case Report. (Zhao et al), 2020;65:67–70

#### **Uterine cancer**

Lower Uterine Segment Involvement Is a Prognostic Factor for Recurrence in Endometrial Cancer: A Study of Patient Cohort Treated with Open and Minimally Invasive Surgery. (Lim et al), 2020;65:8–14

#### **Uterine cavity**

Comparison of Methotrexate and Uterine Artery Embolization in Patients with Cesarean Scar Pregnancy <7 Weeks. (Wei and Yu), 2020;65:183–188

#### **Uterine cervical neoplasms**

Cytology and Human Papillomavirus Surveillance in Cervical Cancer: A Low Yield Practice. (Rauh et al), 2020;65:15–20

#### **Uterine fibroids**

Cross-Sectional Association Between Hypertension and Asymptomatic Uterine Leiomyoma Detected During Routine Screening in Premenopausal Chinese Women. (Meng et al), 2020;65:305–310

Early and Late Pregnancy Rate After Myomectomy Among Women with Symptomatic Uterine Fibroids. (Mára et al), 2020;65:100–106

#### **Uterine hemorrhage**

Healthy Term Live Birth After Focal Embolization of Symptomatic Post-Myomectomy Arteriovenous Malformation in a Patient with Recurrent Pregnancy Loss: A Case Report. (Armstrong and Kroener), 2020;65:143–145

#### **Uterine horn pregnancy**

Rudimentary Horn Pregnancy: A Case Report. (Miller), 2020;65:315–319

#### **Uterine leiomyoma**

Cross-Sectional Association Between Hypertension and Asymptomatic Uterine Leiomyoma Detected During Routine Screening in Premenopausal Chinese Women. (Meng et al), 2020;65:305–310

#### **Uterine neoplasms**

Early and Late Pregnancy Rate After Myomectomy Among Women with Symptomatic Uterine Fibroids. (Mára et al), 2020;65:100–106

Twin Pregnancy with Coexistence of a Healthy Fetus and a Complete Hydatidiform Mole: A Case Report. (Hartmann et al), 2020;65:71–76

#### **Uterine rupture**

Comparison of Methotrexate and Uterine Artery Embolization in Patients with Cesarean Scar Pregnancy <7 Weeks. (Wei and Yu), 2020;65:183–188

Rudimentary Horn Pregnancy: A Case Report. (Miller), 2020;65:315–319

Successful Delivery Following Prior Bicornuate Uterine Rupture: A Case Report. (Endo et al), 2020;65:361–364

#### **Uterus**

Healthy Term Live Birth After Focal Embolization of Symptomatic Post-Myomectomy Arteriovenous Malformation in a Patient with Recurrent Pregnancy Loss: A Case Report. (Armstrong and Kroener), 2020;65:143–145

#### **Uterus, abnormalities**

Herlyn-Werner-Wunderlich Syndrome: A Diagnostic Challenge: A Case Report. (Vatopoulou and Grimbizis), 2020;65:146–148

Rudimentary Horn Pregnancy: A Case Report. (Miller), 2020;65:315–319

#### **Uterus, diagnostic imaging**

Evaluation of Uterine Bleeding After an Endometrial Ablation. (Arora et al), 2020;65:157–163

## **V**

#### **Vaginal bleeding**

Long-Term Dienogest Treatment for Prevention of Recurrent Symptoms and Lesions After Surgery for Endometriosis: A Study Evaluating Adverse Events and Tolerability in Korean Women. (Kim et al), 2020;65:195–200

#### **Vaginal fornix**

Effect of Bacterial Detection in Gametes on IVF-ET Pregnancy Outcome. (Chen et al), 2020;65:164–168

#### **Vaginal smears**

Cytology and Human Papillomavirus Surveillance in Cervical Cancer: A Low Yield Practice. (Rauh et al), 2020;65:15–20

#### **Vaginismus**

Vaginismus and Pregnancy Outcomes. (Ioshyhes et al), 2020;65:347–350

**Vascular endothelial growth factor**

Concentrations of Angiogenic Factors in Relation to Anti-Müllerian Hormone in Human Pre-ovulatory Follicular Fluid. (Nishigaki et al), 2020;65:37–42

**Vitrification**

Optimal Timing to Warm Day 5 Vitrified Blastocysts for Frozen Embryo Transfer. (Hsu et al), 2020;65:89–94

**Vulnerable populations**

Long-Term Contraceptive Methods Offered Immediately After Delivery for Women in Vulnerable Situations: Acceptability to Patients. (Silva et al), 2020;65:291–298

**W****Watchful waiting**

Withdrawal of Luteal Phase Support in the Management of Ectopic Pregnancy Following Frozen Embryo Transfer: A Case Report. (Ware et al), 2020;65:311–314

**Weight gain**

Long-Term Dienogest Treatment for Prevention of Recurrent Symptoms and Lesions After Surgery for Endometriosis: A Study Evaluating Adverse Events and Tolerability in Korean Women. (Kim et al), 2020;65:195–200

**Wolffian ducts**

Herlyn-Werner-Wunderlich Syndrome: A Diagnostic Challenge: A Case Report. (Vatopoulou and Grimbizis), 2020;65:146–148

**Women's health**

Current Management of Endometriosis-Associated Pain in the United States. (McLaughlin et al), 2020;65:220–226

**Women's health services**

Access to Contraception: Where Are We Now? (Maxwell et al), 2020;65:95–99

**X****X chromosome**

Next-Generation Sequencing Analysis on One Case of Sex-Determining Region Y-Positive and 46,XX Male Syndrome: A Case Report. (Zhao et al), 2020;65:205–209

**XX male syndrome**

Next-Generation Sequencing Analysis on One Case of Sex-Determining Region Y-Positive and 46,XX Male Syndrome: A Case Report. (Zhao et al), 2020;65:205–209

**XX sex reversal**

Next-Generation Sequencing Analysis on One Case of Sex-Determining Region Y-Positive and 46,XX Male Syndrome: A Case Report. (Zhao et al), 2020;65:205–209

**Y****Y chromosome**

Next-Generation Sequencing Analysis on One Case of Sex-Determining Region Y-Positive and 46,XX Male Syndrome: A Case Report. (Zhao et al), 2020;65:205–209
